

WIOLENCE BEGINS TODAY IN STRIKE ZONE

The DAILY WASHINGTON MERRY-GO-ROUND

General Johnson, Abdicating Wants Board to Succeed Him

WASHINGTON — General Hugh Samuel Johnson, sensitive, bull-dozing boss of the Blue Eagle, is yielding his scepter, but he is abdicating in his own way.

That is the chief significance of what has been transpiring behind the scenes the past several weeks.

As early as May, Johnson began privately discussing with staff executives plans for a complete reorganization of administrative control. Codification was rapidly drawing to a close. It was only a matter of a few months before the work of the NRA would become almost entirely administrative instead of creative.

No man knew this better than Johnson.

The question then arose, how would this best be done—by a single ruler, or a commission.

On this issue a personal element was injected.

Wholly aside from the merits of a one or five-man command, there was the matter of Johnson's highly touchy pride.

It was this factor that kept him grumpy toward his colleagues.

That was no longer possible for one man to handle and which was knocking him groggy with fatigue and exhaustion.

Johnson just could not see a successor stepping into his place.

And he was afraid that if he got out the President would appoint some one else to take over the job.

So, while friends began to fear for his health, he hung on long enough to work out a plan for a commission control. The President wanted to initiate the reorganization before he sailed.

Johnson demurred. He hadn't completed his set-up.

The President did not insist. Genuinely fond of the ex-cavalryman he agreed to wait. But he ordered Johnson to rest, and showed that he meant it.

Likewise, his "suggested" that Johnson curtail his stumping tour.

In doing this the President was acting on the strong counsel of Democratic Congressional leaders.

With them, Johnson's truculent type of oratory is not appreciated. A number of Democratic members told the President they did not want Johnson sounding off in their states.

The same advice was given the General by his former boss, Bernie Baruch, and by Professor Ray Moley.

The former told Johnson bluntly he was talking too much and too violently. That is why he is making only three or four speeches, instead of the twelve or fifteen he had planned.

Bubble Politics

There is more than one way to skin a cat; also more than one way to get procrastinating politicians to attend campaign conferences.

Chesterfieldian James Hamilton Lewis was made chairman of the Democratic National Senatorial campaign committee. He had trouble getting his group together to plan the Fall battle in Senatorial elections.

"In my vanity," explained the Senator, "I took this position, knowing full well it would be difficult to handle. It is always hard to get public men together in the summer. So I called the meeting for Chicago."

"Why Chicago?" he was asked.

"Chicago's terrifically hot in the summer, isn't it?"

"Ah," quoth the Senator with a twinkle of the eye. "Chicago may be hot. It may be crowded. But Sully Rand is doing a bubble dance. Haven't you heard? I rather thought if anything could draw them anywhere, that would."

And then, in philosophical afterthought, he added:

"When I wrote them, I mentioned it. I also reminded them, for the most part we are all bubbles, we in politics; our constituents are mostly bubbles; in fact, politics itself is just a bubble. What could be more appropriate than having Miss Rand entertain us with a bubble dance while we deliberate?"

2 DEATH-DEALING WRECKS PROBED

LABORER DIES; TRUCK DRIVER, 20, IS KILLED

Yonel Scaff, 51, Riding on Rear of Ladder-Wagon, Hit by Machine

DRIVER IS HELD

Allen Gatwood, Hallsville, in Whisler Crash

Investigations were planned today in two fatal traffic accidents during the week-end. Coroner C. E. Bowers, Prosecutor Ray W. Davis, and Sheriff Charles Radcliff were expected to take part in questioning several witnesses relative to details of the fatalities.

The dead are:

YONEL SCAFF, 51, farm laborer, who died in Berger hospital at 9:20 p. m. Sunday 24 hours after the ladder-wagon on which he was riding was struck by the automobile of Harold Southworth, 26, of Detroit, Mich. The crash happened north of Bell's siding.

ALLEN GATWOOD, 20, native of Hallsville, whose truck of the Omar Baking Co., Chillicothe, where he had been rooming, was hit by the automobile of Lester Coey, of Colerain-twp., Ross-co. The wreck occurred Saturday afternoon at the road intersection in Whisler, Pickaway-twp.

SOUTHWORTH HELD

Southworth, who was driving to Detroit from West Virginia, was held in the county jail pending investigation of the Scaff death. He told Sheriff Radcliff and his deputies that he misjudged the distance between his car and the ladder-wagon on the end of which Scaff, father of five children, was sitting holding a lantern. Whether a charge will be filed against him is not certain.

The wagon on which Scaff was riding was driven by Robert Tweed, son of A. S. Tweed, Walnut-twp., for whom the deceased man was working. It trailed two other wagons driven by Ben and Millard Nothstine, and Sam Cook. Millard Nothstine took Scaff to Berger hospital where he died of a fractured skull without regaining consciousness. Robert Tweed was slightly hurt.

The wagon's had been used during threshing activities in the Bell's siding vicinity.

All the vehicles including Southworth's were going north. The Detroit man, whose home is 3044 Vicksburg Ave., was driving a Ford coupe.

Scaff's home was Fullerton, Ky. He came to Pickaway-co. only a month ago. Besides his five children, his widow, Mrs. Mary Hicks Scaff, survives.

The Scaff body will be sent by the Abbaugh Co. to Fullerton, Ky. Tuesday morning for funeral services and burial.

THROWN INTO ROAD

Gatwood was driving his bakery truck east through Whisler when Coey's Dodge going north is said to have struck the rear of the truck. Gatwood was thrown to the ground and the truck fell on him, it was reported.

He suffered a fractured skull, a broken neck and a crushed body. Although either of his injuries were believed sufficient to cause death, Gatwood walked about in the road for a moment after the car was removed.

Coroner Bowers and Deputies Ouster and Fissell went to the scene.

Coey was accompanied by Matthew Gilpin, Chillicothe, R. F. D. 6. Neither was badly hurt.

Further investigation into this accident was scheduled for 1:30 p. (Continued on Page Two)

MRS. DOWNS, 45, DIES

Mrs. Estella Florence Morrison Downs, 45, wife of Emory Downs died Sunday at 9:20 a. m. at the home of her son, Marshall Downs in Fairfield-co., after a four weeks' illness.

The deceased was born in Adelphi, Sept. 11, 1888, the daughter of John and Lillian Clark Morrison.

Surviving besides the husband and son at whose home she died are the mother and two grandchildren.

Funeral services will be held at the mother's home in Adelphi Tuesday at 1 p. m. with Rev. Springer of Amanda officiating.

Burial will be in Green Lawn cemetery in charge of Defenbaugh and Son.

Nudist Colony Raided

Ten, Including Two Small Boys, Jailed at Delaware; To File Charges.

DELAWARE, July 16.—Arrested in a raid on what Sheriff C. E. McKennie described as a nudist colony, 10 persons, including two small boys, were held in jail here today.

Those taken into custody, according to the sheriff, were: Jasper Adams, 35, of Columbus, Walter Resch, 34, of Columbus, Charles Brown, 48, of Cincinnati, Beatrice Black, 40, and her husband, Harry, 43, of Lancaster, August Smith, 29, of Cincinnati, Leon Enlow, 29, and his wife, Frances, 25, and the latter's two children, David, 6, and Donald, 7. The Enlows are from Pasadena, Cal., they said.

CHARGE EXPOSURE

Sheriff McKennie declared that the two small boys were taken to jail "because I didn't know what else to do with them." The others, according to the sheriff, will be charged with indecent exposure.

The nudist colony, the sheriff reported, was located in the heart of a patch of woods on an isolated farm on the Powell road about nine miles south of here. Members of the camp, he said, had erected a high fence of brushwood around it to screen their activities.

When the sheriff and his deputies descended on the camp, they found some of the members playing volley ball, others tossing.

AMANDA MAN DEAD, CAUSE IS STUDIED

Mystery today surrounded the death of Emmett Christy, 33, son of Mr. and Mrs. Milton Christy of Dutch Hollow, near Amanda, who was found dead in the basement of the Hocking Glass Co. plant in Lancaster, Sunday night, several hours after he had gone to work.

Although it was believed that Christy had been electrocuted by the short-circuited motor of a fan into which he fell, Dr. Clark Axline, company physician, doubted this theory and was to perform an autopsy today.

Coroner James Walt of Fairfield-co. withheld his verdict pending the outcome of the autopsy.

Besides his parents, Christy is survived by three brothers, Glen, Joe and Fred, at home, and two sisters, Mrs. Helen Monroe and Mrs. Rose Marshall of Lancaster.

Funeral services will be held at Dutch Hollow church at 2 p. m. Wednesday with Rev. Lutz in charge. Interment will follow in Amanda-twp. cemetery.

Court News

LEIST BRINGS SUITS

C. A. Leist filed two suits in common pleas court, Monday, seeking money and foreclosure of mortgages on two properties.

Defendants in one suit are Samuel E. and Mary A. Weidinger and E. Oscar Tegardian. In this suit \$350 with seven per cent interest is sought with the answer date set at August 11.

Earl Crable, Nettie Crable, Earl Hoffman and Emma Hoffman, all of this city, are named in another suit in which \$700 is sought. Foreclosure of a mortgage on a house and lot in this city is also asked.

MARRIAGE LICENSES

Byrd Blair, 53, London R. F. D. and Rosie Funk, 22, Derby, housekeeper. Rev. W. B. Rose, Williamsport, minister.

Robert Strouse, 24, Columbus, machinist, and Elma B. Fauch, 17, Circleville R. F. D. 2.

FORK SAVES PASTOR

CAMBRIDGE, July 16.—Rev. Edward W. Knox, 22-year-old minister, today owed his life to a fork.

While eating, a bolt of lightning came through an open window, struck his arm and then flashed out of the lines of the fork through another window.

His arm was paralyzed for two hours but was none the worse for the flash today. The fork, it was said, served as a lightning rod.

Morals Case Witness

Pearl Owings

Mrs. Pearl Owings is pictured in the courtroom at Los Angeles, where she testified as a witness for the state in the trial of Dave Allen, head of a movie casting bureau, and Gloria Marsh, film extra, on charges of an offense to public morals. Mrs. Owings testified regarding an apartment party in which Allen, Miss Marsh and Miss June DeLong, another film extra, allegedly had been involved.

WHEAT STAYS AT 87 CENTS

Price Same as Close Saturday; Futures Show Strength at Chicago Mart.

The wheat price remained at 87 cents per bushel here today, stationary for the first time since an increase which took it up 12 cents in a week's time began last Monday.

Grain futures at Chicago displayed a strong under-tone during the forenoon dealings on buying stimulated by unfavorable weather conditions in many parts of the grain belt and the pronounced strength at Kansas City where wheat advanced nearly 2c.

Wheat advanced to a new high on the movement at the start when the September delivery sold up to 99 7/8c a gain of 1 1/4c. Prices reacted sharply when profit taking and hedging pressure were evident.

Corn assumed the leadership in the early trade. The yellow cereal was bought on the belief that corn suffered further damage as a result of the extremely high temperatures in the southwest over the week-end.

Winnipeg was 5-8 to 3-4c higher and Liverpool unchanged to 1-4c per bushel.

At noon wheat was 1-8c off to 1-8c up, corn 1-2 to 1c higher, oats 1-8c lower to 1-4c higher and rye 1-8 to 1-4c down.

Estimated carlot receipts; wheat 320; corn 152 and oats 27.

2 POLICEMEN SHOT; SEE DILLINGER MOB

CHICAGO, July 16.—Authorities today likened the ruthless machine-gunning of two state highway policemen late last night to the work of John Dillinger or members of his bandit gang.

One of the officers, Gilbert Cross, was struck in the abdomen and chest by seven slugs and is near death. The other, Fred McAllister, was wounded in the shoulder. Physicians said Cross' wounds would probably prove fatal.

Cross and McAllister, cruising in a squad car, became suspicious of three cars parked in a line on a country road. They drove up to the rear-most car, halted, and prepared to quiz the occupants. But as Cross started to open the police car door, bullets rained upon him. The parked cars immediately sped away.

Four men and a woman were in the car from which came the barrage, McAllister said.

AT McMANAMY HOME

Arthur Dunn, son-in-law of Mr. and Mrs. Thomas McManamy, W. Ohio-st., was removed from Grant hospital to the McManamy home Sunday morning in the Rinehart invalid car.

Mr. Dunn is recovering from a broken back suffered in a fall from a ladder at his home 12 weeks ago.

IRWIN STUDIES OFFICE DUTIES WITH BEVERLY

State Examiner Here to Put New Relief Director on Right Foot

TRUSTEES TO HELP

Miss Southward to Act as Office Investigator

County commissioners were hopeful today that the relief system as operated under the direction of Major E. O. Braught, Columbus, would be restored to Pickaway-co. as soon as possible, in all probability before August 1 as predicted last week. It is possible, they believe, that relief will be revived before the end of this week.

A shipment of potatoes may also have received here before the end of the week for distribution by Relief Distributor John Drum, it was said.

Howard Irwin, recommended by the commissioners for relief director and approved immediately by Mr. Braught, was on the job Monday getting ready to undertake his task. He was going over the books and records of the office Monday, with R. B. Beverly, state examiner.

COMES UP TUESDAY

Major Braught will recommend Tuesday to the state relief commission that Pickaway-co. be restored to "good standing" in the relief set-up. It is believed certain that approval of his recommendation will be granted.

It was announced Monday that Miss Clara Southward, social service worker for the Circleville Benevolent association, has been appointed investigator for Mr. Irwin's office.

Miss Southward's knowledge of relief and methods through which needy are cared for should prove of much value in the operation of the office. She will be required to spend only a little time in the rural sections since the commissioners have worked out a plan wherein the trustees of the various townships will report their needy families. This was one of the points on which the commissioners gained Braught's concession. It is the custom through the state to have all families investigated by "case" workers. In this county the trustees will do much "case working."

ONE OTHER AIDE

Mr. Irwin will have one other assistant, a clerk-stenographer, who has not yet been appointed.

COLUMBUS, July 16.—While the AAA at Washington started disbursement of more than \$30,000 among contracting wheat producers agents of the Agriculture Adjustment Administration today reported their report compliance of wheat producers in this state with the program.

The 23,000 farmers in Ohio who are under wheat reduction contract with the government will receive approximately \$500,000 of the total \$30,000,000, representing the second installment of payments on the 1933 wheat crop reductions.

Although checks started to leave Washington today for contracting farmers in some of the states, Ohioans will not receive their second checks for probably another month.

This delay in Ohio was explained by H. C. Ramsower, director of the Agricultural Extension Service at Ohio State University and AAA representative in Ohio. Harvesting of wheat started in western states much earlier than in Ohio, in some cases six weeks earlier.

Hollywood Players in City This Week

The Hollywood Players open a week's program here this evening with their big tent located on the E. Corwin-st. lot opposite the school building.

The opening play is "The Wife Tamer" featuring Mary Eleanor Webster.

The troupe is a unique one and has been drawing good crowds wherever it has been appearing.

PROMINENT MADISON-CO ELEVATOR MAN DEAD

LONDON, O., July 16.—Rea Chenoweth, 58, member of a pioneer Madison-co family, died at his home in that city Sunday. He operated a grain elevator for a number of years and was active in Masonic work.

General Picture Exposed

All Transportation Is Ended, Stores Closed and Food Supply Failing.

SAN FRANCISCO, July 16.—Highlights of the general strike in San Francisco and east bay cities follow:

On strike: 75,000 members of 177 unions in San Francisco. 15,000 members of 28 unions in Oakland and other east bay cities.

32,000 members of 79 additional unions in Oakland will join the general strike tomorrow.

FOOD:

CANNED GOODS GONE
No fresh meat available. Supplies of corned beef, ham, bacon and other cured meats practically bought out by housewives fearful of famine. All available supplies of vegetables and fruit exhausted. Potatoes, sugar, flour and other staples rationed by grocers—five pounds to each purchaser. Canned food supply rapidly diminishing from grocery store shelves.

Restaurants—the strike executive committee licensed nineteen restaurants, located in key sections of San Francisco, to remain open.

Telephone, light, water and gas service will be maintained.

Transportation—taxicabs tied (Continued on Page Two)

ASPIRANTS ON 'TALK' TOURS

Last Month of Campaign Begins With State Candidates On Heavy Schedules.

COLUMBUS, July 16.—The last month in the pre-primary campaign in Ohio today saw political candidates as busy as the proverbial bee.

Congressman Charles West and Governor George White, opposing candidates for the Democratic nomination for U. S. senator, were to appear on the same speakers' platform at Lima tonight at a rally sponsored by the Allen-co. Young People's Democratic club.

Former Governor Vic Donahy, was invited to speak at the meeting but refused.

Meanwhile, Martin L. Davey, Kent tree surgeon and former congressman, was expected to train his big guns on the candidacy of Lieut. Gov. Charles Sawyer, of Cincinnati, at a Democratic rally at Akron. Davey, Sawyer, and William G. Pickrel, the latter from Dayton, are candidates for the Democratic nomination for governor.

Davey, entering the "home stretch" in the race, also announced a 10-day speaking tour. He will go to Coshocton tomorrow night and also visit Columbus, Greenville, Cincinnati, Hamilton and Chillicothe.

Democrats from Holmes, Tuscarawas, Guernsey, Muskingum, Licking and Knox counties are expected to attend the Coshocton meeting. The rally at Akron tonight is expected to draw Davey Democrats from Summit, Portage, Medina, Wayne, Stark, and Lorain counties.

The Greenville "Davey" meeting will be a rally of Preble, Montgomery, Miami, Shelby, Auglaize and Mercer-co Democrats and a delegation from Pickaway-co was expected to attend the Chillicothe meeting Saturday night.

ANGRY BULL KILLS MUSKINGUM MAN

ZANESVILLE, July 16.—James Ford, 45, farmer of near Fultonham, west of here, was in Bethesda hospital today with serious injuries suffered when he was gored by a maddened bull.

NEW LEXINGTON, July 16.—Attacked by a cow, farmers Nat Rinehart and Leo Schneider were suffering from severe body injuries today. Schneider's condition is serious.

The cow turned and charged Rinehart as he was leading the animal to a milk shed. Schneider was hurt when he went to Rinehart's rescue.

THOUSAND RAID STORE ESCAPING WITH FOOD

Entire West Coast Suffering From Industrial-Economic Paralysis as 67 Day Strike Broadens; Thousands Out of Work; Troops, Police Ready for Any Trouble.

SAN FRANCISCO, July 16.—The paralysis of the terrifying general strike in San Francisco and east bay cities gripped the 1,000,000 inhabitants of this area with vise-like strength today at 8 a. m.—the hour when the walkout of 90,000 men officially took effect.

Shortly before the zero hour, a food riot broke out in the Mission district of the city. A mob of one thousand persons broke the windows of a grocery store and looted the store of \$1,500 worth of food. Flying squad police cars sped to the scene, but the mob had vanished with the foodstuffs. No arrests were made.

COAST PARALYZED

While the official hour of the strike was 8 a. m., today, the general walkout has been in effect since Saturday when the strike executive committee of the central labor council issued the order for complete cessation of work—a disastrous aftermath of the 67 day tieup of Pacific Coast ports from Canada to Mexico due to the longshoremen's strike.

Tomorrow the tieup of industrial and economic life will be completed with 79 more unions in the east bay—Oakland, Berkeley, Alameda and seven other municipalities—with their 47,000 men throwing their weight into the general strike—a strike which already has brought privation, danger and fear to the 1,500,000 people in the affected region.

TALLY IS TAKEN

When the strike tally is made up it will read: Coastwide, 23,000 longshoremen

3 UNMASKED MEN ROB BANK

Holmes-Co Scene of Holdup; Cashier Forced To Give Up \$2,500.

BIG PRAIRIE, July 16.—Three unmasked bandits, armed with revolvers, today invaded the Monitor bank here, forced the cashier who was alone in the bank at the time to open the safe and escaped with between \$2,500 and \$3,000 in cash.

The gunmen entered the bank in Holmes-co a short time after 3 opened for business and walked calmly up to the cage where Cashier C. S. Starnes was in attendance. One of them commanded Starnes to raise his hands.

"What's the idea," Starnes said he asked the man.

"This is a holdup," he was told. One of the bandits left the window and returned to guard the doorway. The others jumped over the railing and forced Starnes to open the safe. He was then told to lie on the floor while the robbers fed.

According to witnesses, the bandits escaped in a Ford V-8 coupe with yellow wire wheels and were later reported sighted at Nashville. The license tags on the car, 359-077, had been stolen from a resident of Martinsburg in Knox-co Friday night, leading officials to believe the bank robbery had been planned for days in advance.

Police Court

Mayor W. B. Cady's police court had a week-end of activity. The following came before the mayor for hearing Monday:

George H. Baker, Columbus, charged with operating his auto recklessly on Route 23, north of here, fined \$10 and costs. He was arrested by Highway Patrolman F. J. Crume.

Leonard Gilmore, Darbyville, charged with intoxication, following his arrest at 6 p. m. Sunday, fined \$5 and costs, both of which were suspended.

Nelson Walters, Franklin and Pickaway-sts, charged with intoxication, fined \$5 and costs, which he paid and was released.

Gerald and Alfred Davis, brothers, of Circleville R. F. D. 1 were to be given hearings before the mayor for forging checks. The former was arrested by Officer William McCrady at Funk's grocery, W. Main-st., where he attempted to pass a check. The latter was arrested Sunday evening and is charged with giving a forged check to the J. C. Penney Co., this city.

Both have allegedly signed confessions. They will be bound over to the grand jury, which will meet tomorrow.

PONTIUS ATTENDING ELKS GRAND LODGE

Leland E. Pontius, exalted ruler of Circleville Elks lodge No. 77, left Sunday to attend the grand lodge session of the organization in Kansas City which opens Tuesday.

The annual Elks picnic and outing for Elks only will be held August 1 at David Dunlap's country home, Pickaway-twp.

Tigers Again Defeat Yanks

NEW YORK, July 16.—The old-timer on the corner, who likes to indulge in a little tall story telling now and then was saying this morning that there was a movement on foot in Detroit to give the motor city lock, stock and barrel to one, Gordon C. Cochrane.

For once the old-timer's musings were not greeted with derisive laughter, for it would take a brash man indeed to declare that Gordon C. (otherwise Mickey) Cochrane is not the most popular person in Detroit today.

HEYDAYS RETURN

When Mickey's Tigers took the Yankees over the jumps again yesterday and increased their lead in the American league pennant race to a game and a half, the city on the Detroit river found itself in the grip of a baseball hysteria it had not known since the heydays of Tyus Raymond Cobb and Hughie Jennings.

Mickey has done a swell job with the Bengals and the fans know it.

Yesterday's victory was a comparatively easy one, the Yankees succumbing 8 to 3, as Schoolboy Rowe, making his second appearance of the series, and Firpo Marberry held the McCarthys to eight scattered hits.

In Cleveland the Indians continued to function in the same high

gear in which they rolled along last week to flatten the faded Senators in both ends of a double-header. The score of both games was 10 to 8.

It's a pity somebody doesn't tell Waite Hoyt that he's an old man and not capable of performing like a youngster. The former schoolboy star of the Yankees performing in the livery of the Pittsburgh Pirates just missed hurling a no-hit game by a whisker when he shut out the Boston Braves in the first game of a twin bill at Boston, 5 to 0.

Only one hit did the veteran Hoyt allow, a single by Thompson with one out in the third inning. Only one Brave reached second, Hoyt walked three and struck out seven in his great exhibition. In the nightcap Ed Brandt was invincible and the Braves won, 3 to 0.

Whenever the New York Giants want an important job done whom do they call upon? Why Carl Hubbell, of course. The king of left-handers was rushed into the breach at the polo grounds yesterday when young Hal Schumacher began to falter in the seventh inning and the Terrymen beat the Chicago Cubs again, 5 to 3. Hub held the Cubs runless in the two innings he worked.

The hapless Brooklyn Dodgers were in seventh place for a new season's low today as a result of the two blittings given them by the St. Louis Cardinals, 2-0, and 6-3. In the first game the celebrated Dizzy Dean gave the Brooklyn only four hits, while in the nightcap, the irresistible Joe Medwick banged out two home runs.

THREE WAY TIE FOR GOLF MONEY

ST. PAUL, July 16.—"Light-horse Harry" Cooper of Chicago, Ky Laffoon of Denver, and Johnny Revolta of Milwaukee will tie off in a three-way fight for first prize money in the St. Paul \$5,000 open golf tournament here today.

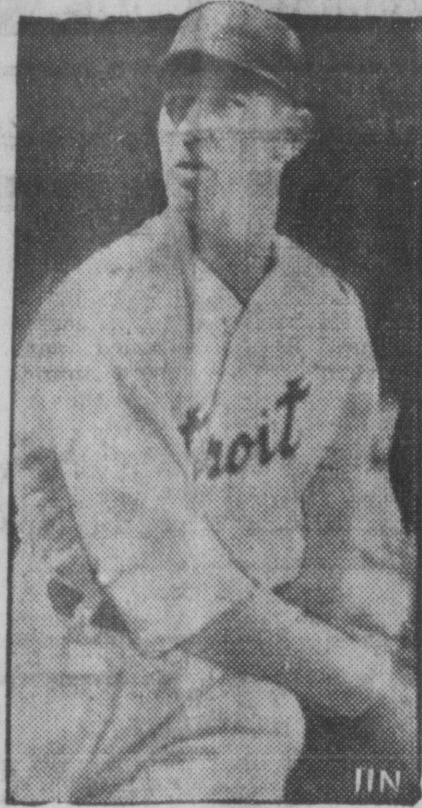

The trio deadlocked in the final round yesterday when they each recorded cards of 283.

Cooper and Laffoon had tied with sub-par 69's, when Revolta, who was in ninth place after 54 holes, smashed his way around Keller course in 65 strokes, seven under par, equalling the course record set by Ed Dudley in the 1931 tourney.

Tommy Armour apparently had first prize money sewed-up, but he lost his touch on the final four holes and finished with a 286, and George Von Elm of Akron, and Sam Parks of Pittsburgh.

Horton Smith of Chicago was seventh with 287, Walter Hagen of Detroit eighth with 288. Three tied at 291 for ninth—Oliver Sleppy and Orville White of St. Louis, and Bill Kaiser of Louisville.

Tigers' Star "Pupil"

"Schoolboy" Rowe

Here is one good reason why the Detroit Tigers have managed to reach the top of the heap in the American league title scramble—Lynwood (Schoolboy) Rowe, who scored his tenth victory of the season by defeating the New York Yankees, fanning 11 of the Yank batters. After suffering from a sore pitching arm in training camp, Rowe staged a brilliant comeback to pace the Tiger pitchers in the fight for first place.

About This And That

BY THE SECOND GUESSER

SEVERAL CHANGES IN THE rosters of recreation league teams were evident today as the deadline for changing players was reached.

Beginning with tonight's game between the Circleville Oils and Circle City dairy no player can be transferred, released or traded one team to another for the remainder of this half—Of course this rule does not prevent a team from picking up players who have not been with any one else.

Four straw-board men, Don Brannon, Red Lawhorn, Carl Thomas and Ray Brungs, have signed with the McClaren Meats after being turned adrift by their former management—Bill Hegele, who starts to work at the straw-board today, has been released to that team accordingly by Cum (Ve Van Robbed) Robinson—Dorothy Courtright has been added to the eligible list of the Circleville Oils. * * * All managers must be ready to hand in their complete list of players at a meeting scheduled this evening * * *

The week's schedule includes:
Monday: Circle City dairy vs. Circleville Oils.
Tuesday: Given Oils vs. McClaren Meats.
Wednesday: Purina Chows vs. Eshelman Feeds.
Friday: Eshelman Feeds vs. Circleville Oils.

THE FRIDAY EVENING game will eliminate one of the two teams now tied for first place from the top berth—Neither the Eshelmans nor the Oils have lost in the league this half and their conflict should be a hot one—The Second Guesser received a letter in Monday's mail from some fan concerning Friday's game and the decision of John Rooney which ended the game in an uproar; sorry we can't print it because the writer was apparently trying to disguise his hand-writing and did not have enough crust to sign his name * * *

A. L. Wilder, clerk of courts, has received notice from the state conservation department that effective immediately and continuing for five years, the open hunting season for pheasants would be from November 15 to November 25.

Formerly, the time extended to December 1.

The move is being taken to save ring-neck pheasants in Ohio from depletion, it was stated. Under the new ruling, the bag limit on the pheasants will be two per day and no person shall be allowed to have more than four in his possession at any given time.

First you get rich. Then you live in dread of tax laws and kidnapers. And that's success.

CONTAINERS DROP DOUBLE

Columbus Outfit Springs Two Fast Pitchers On Local Aggregation.

The Container Corporation recreation ball team was unable to shake its batting slump Sunday and dropped two games to the United Woolen Mill team of Columbus, 3 to 0 and 6 to 1.

The Columbus club put a pair of keen pitchers on the mound, Wipple proving a sensation in the first game, and Packard almost as good in the second. Bill Hegele pitched creditable ball in the first with Baker twirling the second.

Dade umpired both games behind the plate with Reid on the bases for the first encounter and Courtright for the second.

ASHVILLE BEATEN

Ashville's ball club in the Central Ohio league took an important contest on the chin, Sunday, with Erie Hanna Motor Sales doing the dishing. The score was 6-1 with Lefty Cooksie again proving master of the Ashville nine.

Erie scored five runs in the third frame to do the trick.

Ashville was handicapped by the absence of Art Walker, who has joined a Chillicothe team playing with his old teammate, Whacker Davis.

up. Market street railway cars tied up. The Independent California cable cars tied up. The city-owned municipal cars, also stopped by action of employees.

LIMITING SALES

Cigarettes and tobacco—stores, unable to replenish supplies, selling only one package of cigarettes or one tin of tobacco to each customer.

Funerals—strike executive committee issuing special permits for union hack drivers and hears drivers.

Garbage—warned by City Health Director Dr. J. C. Geiger that an epidemic would result unless debris was removed as usual, the strike executive committee exempted garbage trucks from the general walkout.

Ferries—auto ferries still operating. Passenger ferries which handle United States mail between San Francisco and east bay cities will continue to carry passengers—and the mail.

AUTOMOBILES STOPPED

Gasoline—only three service stations open in the city. These stations are selling gasoline only to doctors and police cars. Motorists have garaged their cars for the duration of the strike.

Barbers—shops—haircuts and shaves ended as barbers joined walkout.

Beer-beverages of all kinds "down to last pint." Bartenders joined strike today.

Waterfront—steel-helmeted national guardsmen, called out July 5 following the bloody battle which claimed two lives, still patrol the state-owned embarcadero.

Violence—one strikebreaker reported recovering from bayonet wound. He failed to obey national guardsman's order to halt, according to guard officer.

Gang fights between strikers and strikebreakers occurred almost hourly throughout the city, resulting in discolored eyes.

Gangs of hoodlums reported circulating throughout the city.

NUDIST COLONY

horseshoes and some reclining in the sun. The two small boys were running and playing tag.

FORCED TO DRESS

Sheriff McKennie forced the colonists to dress and took them to jail. He said that boys living on a nearby farm had stumbled across the retreat of the alleged nudists. There were no buildings at the camp. One of the members told the officer, he said, that they used the camp only during the week-ends and slept in the open. There was no running water in the place but the members had rigged up a shower bath by putting a "steved" tub in a tree.

The colony, the sheriff also was told, had been formed about two and one-half months ago. Whenever its members left it, they were fully clothed, one of them claimed. All of those taken into custody were expected to plead not guilty to any charges filed against them.

Would Open Casino

MARIENBAD, Czechoslovakia—To counterbalance the ring of gambling casinos in the adjoining states, efforts are being made to get the government's permission to open a casino here. Much tourist and car traffic is diverted to the other spas where gambling is permitted, local business interests feel. In Austria, Germany and in Zoppt in the Free State of Danzig, gambling is permitted.

m. in the sheriff's office with Coey to be questioned. One of the things to be cleared up was why his Dodge car carried license plates issued for a Ford.

Gatwood is survived by his parents, Mr. and Mrs. Don Gatwood, Hallsville, and a sister, Mrs. Roy Shepard, also of Hallsville.

The funeral will be held Tuesday at 2 p. m. at the Hallsville United Brethren church with Rev. H. C. Elliott officiating. Burial is in charge of Donald E. Whetsel.

Harry Boggs, Fairwood-ave, Columbus, who was charged with manslaughter in connection with the death of Herman Smith, New Holland farmer, two weeks ago, was bound over to the Fayette-co grand jury under \$1,000 bond, following a hearing in Justice W. W. DeWees' court in Washington C. H. Saturday.

Represented by John J. Chester, Jr., Columbus, Boggs furnished the required bond and was released.

He is alleged to have struck Smith on the New Holland road as the latter was working on his automobile near the side of the road.

HEAR 7 WITNESSES

Seven witnesses were examined at Saturday's hearing, with some of the testimony indicating that Smith's head struck the inner edge of the radiator as he was hit. This tended to show that he might have been leaning over his car working when struck. Other evidence, however, submitted by the defense was to the effect that he had stepped back from the car a moment before he was struck.

Pictures taken at the scene of the wreck before the body and Smith's car were removed were submitted in evidence.

Steve Orlando and Phillip Sorce, Pittsburgh fruit dealers, were dazed and suffered minor injuries Saturday evening when their automobile turned over three times on the Lancaster-pk three miles east of this city.

Orlando, the driver, is said to have lost control of the vehicle. They were enroute to Cincinnati.

Both men spent Saturday night at Berger hospital but were discharged Sunday morning.

ODD BRIDGE

DUBLIN—The O'Connell Bridge, in Dublin, is wider than it is long. It crosses a narrow part of the River Liffey. O'Connell Street, of which the bridge is a part, is one of the world's most famous thoroughfares. The O'Connell Monument and the Nelson Pillar stand in the middle of the street.

HUNT SPREADING FOR BOY, 2

HARTSDALE, N. Y., July 16—The search for two-year-old Robert Connor, son of Mr. and Mrs. Charles Connor, who is believed to have been kidnapped Thursday, continued with renewed vigor today following the promise of Governor Herbert H. Lehman, that every resource of the state would be put at the command of the searchers.

The Governor and Mrs. Lehman, who are residing for the time being at their summer home a few miles from here, called upon the harassed parents of the missing child yesterday and personally promised state aid in the hunt.

Meanwhile, police and federal agents, who have been leading the hunt, reported themselves virtually without a clue to the infant's whereabouts.

WENT SINCE THURSDAY
The child disappeared from in front of his home here Thursday evening and not a single trace of him has been found.

State police and Boy Scouts with bloodhounds were to go over an area of two square miles of wooded section adjacent to the Connor home. This territory has been gone over before, but the searchers are still hopeful that a scent may be uncovered, which will lead them to the child.

The father of the child still clings to the belief that this is a kidnapping case and that he will receive a ransom letter within the next few hours.

Bernard Seidenberg, 20, of the Bronx, is being held on a charge of extortion in connection with the case. He is said to have sent a letter to the boy's father promising his return for \$50. Police said Seidenberg, who has been unemployed, read of the child's disappearance in the papers and sought to "make some easy money."

JAY COMMENTS ON DIVIDEND PASSING

The passing of the common stock dividend of the Columbia Gas and Electric Co. is causing comment among its shareholders everywhere, among whom are quite a few in Circleville. Manager H. M. Jay, of the Ohio Fuel Gas Co., a subsidiary of the Columbus, calls attention to a statement appearing in the New York Sun, of July 10, 1934, headed "Rates and Dividends."

In stopping the common stock dividend Columbia Gas and Electric reminded its shareholders and the public at large of a few inescapable facts. Increasing taxation and rising costs of operation have been going hand in hand with rate reduction ordered by various municipalities. The result has been the squeezing of profits out of the hands of those who have been putting their savings into public utility securities. Although obvious enough to many observers, a portion of the public fails to see any inconsistency in jacking up costs and putting down rates."

Dr. Jeremiah Ellsworth, 85, who practiced medicine in Circleville a number of years ago, was dead at his home in Van Wert, O., today, after a long illness.

Preceding his retirement several years ago, Dr. Ellsworth had practiced both in Pickaway and Van Wert. He died at the home of his son, Rev. Beal M. Ellsworth, pastor of the First Methodist Episcopal church at Van Wert, who is widely known in the Ohio conference of this church.

Dr. Ellsworth was born at Goshen, O. Besides the son, he is also survived by a daughter, Mrs. E. M. Drokaw, Worthington, O.

JACKSON LIVESTOCK YARD TO BE MOVED TO ROSS-CO CENTER

The Jackson-co livestock sales company will move its stockyards from Jackson to Chillicothe, it was announced in Chillicothe Saturday.

The move is being made, it is said, because of the failure of stock raisers and dealers to cooperate at Jackson.

The new yards will be located on the right-of-way of the Norfolk and Western railroad.

STRANDED PEOPLE ARE RESCUED FROM LAKE ERIE WATERS

Sunday 'Eve' Show Results in \$10 Fine

Mrs. Loretta Rank, Washington and Franklin-sts., was having a pretty nice time in her swallowtail coat and derby hat, sporting a cane, through the downtown section Sunday night, before she was stopped by police officers.

She made quite a showing in her unique outfit and put on a good show for the persons who were in the streets at the time.

Now and then, she would throw her cane into the street and then step out in front of an auto to pick it up. She caused the traffic on S. Court-st to be tied up several times.

She finally started south after about one hour's tour through the city and was arrested on E. Mill-st by Deputy Sheriff Bryan Custer and Officer Karl Radcliff on a charge of intoxication and disorderly conduct. She was fined \$10 and costs by Mayor W. B. Cady Monday which she paid and was released.

KAYE DON TO BEGIN FOUR MONTHS' TERM

LONDON, July 16 — Smiling Kaye Don, the world's fastest automobile driver, was sentenced to four months imprisonment today on the Isle of Man on his conviction for manslaughter in the death of his mechanic in an accident in which he almost lost his own life.

Don's demeanor was respectful rather than cheerful today as it was brought to his attention that English justice under any circumstances places great importance on human life.

Afterwards Don had no complaint about the sentence just as he had none about the verdict. He will begin to serve his term immediately.

New Buses Ready for Scioto Valley Aug. 1

New stream-line buses on the Valley Public Service line, operating between Chillicothe and Columbus through this city, will be placed in regular service about August 1, H. A. Cryder, general manager, announced today.

THOUSAND RAID

(Continued From Page One)

here and in Los Angeles union leaders discussed the possibility of a general walkout.

SEE MARTIAL LAW
Over the entire San Francisco bay region hung the dark likelihood of martial law.

At Sacramento, the capital, Acting Governor Merriam said his steps would be guided by "developments," but his national guard troops patrolled the San Francisco and Oakland waterfronts, following last week's bloody rioting, with orders to move to stop any more serious tumults or disorders that may get out of control of police.

And at the San Francisco presidio United States troops were in readiness with all leaves cancelled and all men away hurriedly called back to duty.

"We'll move in," one officer said. "If Government property—mail trucks, the postoffice or buildings—are damaged, or if great disorder breaks out."

"We're supposed to protect the citizens of the United States and their property, and we'll do it."

At Los Angeles union leaders moved to from a "war chest." J. W. Buzzell, chairman of a committee representing American Federation of Labor unions, said: "Those strikes at Los Angeles harbor need money to keep them going."

The longshoremen's union at Los Angeles harbor refused to conduct a referendum to decide whether the strike would be arbitrated.

JOHNSON ON COAST

In the back ground, but working diligently for peace, was President Roosevelt's national longshoremen's board, strike mediation body. The three members were still trying to get at the crux of the entire strike situation by bringing the longshoremen and ship owners together on the point on which both sides have stood adamant—the control of halls where the longshoremen and seamen are employed.

The maritime unions demand control of these hiring halls, indicating that they will submit their other demands to arbitration. The ship owners have said they will submit completely to arbitration, but refuse to meet the demand for a guarantee of union-controlled hiring halls.

Another move for peace is expected today with the arrival of General Hugh S. Johnson, NRA Administrator, from Portland, Ore. His official schedule calls for him to speak tomorrow at the University of California, across the bay in Berkeley, and receive a Phi Beta Kappa scholastic key from his alma mater.

But the belief was prevalent in the strike area that he would launch a move for a truce, probably by calling a meeting of employers and strikers.

Mayor Angelo J. Rossi of San Francisco, issued a proclamation, declaring an emergency.

He appointed a committee 500 San Francisco citizens, as the city's police strike duty force of 700 was increased by 500 special patrolmen to begin at once the task of obtaining and distributing

the necessities of life.

TO PROVIDE FOOD

The committee starts functioning simultaneously with the start of the general strike.

"The people of this community," the proclamation read, "are hereby assured of food and protection under whatever measure are necessary to accomplish this purpose."

"The present issue being clearly defined, I ask support only from those completely committed in their hearts to the American form of government, it being my intention that those who seek the destruction of this government shall find no comfort in this community."

The strikers have organized their own police force, much after the mode of the navy's patrol, with the promise that they will preserve order in their own ranks.

But the general public in the San Francisco bay region was putting distance between it and the strike; that is all who could.

The citizens were racing to country homes, mountain cabins, the seashore resorts, or inland to other cities.

Arteries of travel — railroads, ships, planes and highways — were clogged with people going away from the shores of the historic bay behind the famed Golden Gate.

Across the bay the mayors of six cities left for Sacramento, 90 miles to the north, to ask Acting Gov. Merriam to declare martial law.

In the bay cities transportation was practically at a standstill. The streets were strangely deserted by the usual crowds. Many stores were closed. Likewise cafes. All service stations were shut up except a few to provide motor fuel to physicians, ambulances and the police and fire departments.

UTILITIES OPERATE

However, light, power and water and at least one transbay ferry system seemed assured of continuing uninterrupted.

C&F
DO YOU BELIEVE IN SIGNS?
You will when you see Thursday's paper

ing uninterrupted. In a speech at Lodi, in the heart of the great San Joaquin valley, Merriam last night charged the strike to Communist agitators and called for a united public "against this threat to our economic existence."

"They (the agitators) came in from the outside," he said. "The entire strike has been directed from other parts of California. The master minds are not in San Francisco. They would not risk their lives there."

He promised that the farmers of the valley could move their crops into San Francisco.

"I am not going to stand by and see the crops rot," he concluded.

Buying Jap goods serves two purposes. You save money, and you give our factories a chance to close down and rest.

ANOTHER MYSTERY BAFFLING LONDON

LONDON, July 16.—Another trunk containing the body of a woman has been found at Brighton today to the amazement, horror and fascination of the British public today and a piece of brown paper may solve the most sensational English murders since the Crippen case.

On taking charge of the case Sir Bernard Spilsbury, famed pathologist of Scotland Yard, immediately called attention to the fact that this latest body, which has been identified as that of Violette Kaye, a dancer, was wrapped in the same type of brown paper as that used to bundle the female torso found in a trunk in Brighton central station on June 17.

He furthermore declared that Whetsel.

Violette Kaye had been dead longer than the woman first discovered murdered and it was concluded that the unidentified woman had been slain because she knew about the murder of Violette Kaye.

Prominent Kingston Woman is Claimed

Funeral services were held Monday afternoon for Mrs. Hanna Senff, 77, wife of Monroe Senff, retired Kingston farmer, who died Saturday.

A daughter, Mrs. Robert Cryder, of near Kingston; a brother, Clement Fiecke of St. Louis, and a sister, Mrs. L. C. Fyle, of Kingston also survive.

Burial was in Mt. Pleasant cemetery, Kingston, by Donald E.

INFANT IS DEAD

The infant son of Mr. and Mrs. Charles Smith E. Main-st, died at Berger hospital Monday at 11:30 a. m.

Services will be held at the grave in Forest cemetery at 10 a. m. Tuesday with Rev. Emil Toensmeier in charge.

W. H. Albaugh Co. is in charge of burial.

MRS. BOSTWICK DIES

Funeral services were held Sunday for Mrs. Maude S. Bostwick, wife of Harley Bostwick, of Mt. Sterling, who died Friday.

Mrs. Bostwick was the mother of Mrs. Richard Dimond, Mt. Sterling, well known here. A son, Welton, also survives.

Peace Outlook Dark

THE world can not view with disinterest adjournment of the disarmament conference without the accomplishment of anything of value to the purpose of the meeting.

True, the conference theoretically remains in existence. Although the main body adjourned, four committees were formed to study disarmament from various angles in the hope of eventually making possible agreements for reducing armaments. The United States is represented on three of these—the committee on air forces, on manufacture and traffic in arms and on guarantees of loyal execution of any future agreements effected. The fourth committee will make a study of European security and mutual-assistance pacts.

Little basis exists for substantial hope that anything of value will be accomplished. The temper of Europe and of the world is unfavorable. Secret treaties and alliances are being sought or negotiated on as great a scale, perhaps, as the world has ever seen. Armaments are being increased and other military preparations of various kinds are under way.

The logical end of these activities is war—not immediately, nor maybe within the next few years, but eventually and on a more disastrous scale than that of the World War.

That sometimes may occur to bring the world to its senses remains, of course, a possibility but one so slim as scarcely to justify hope even among the most optimistic of peace advocates. The task seems too great for present-day statesmen. New leaders appear to be needed—leaders capable of broader vision than most of those now active in world affairs.

Will such men make their appearance?

The "Left" is much the same, whether in politics or a pitcher. It's the wild side.

No Compromise

OUTLAW Dillinger would be willing to surrender provided he was assured he would receive a sentence no more severe than ten years imprisonment.

There is no surprise in this. There is surprise approaching shock, though, in the revelation that Indiana authorities have been seeking to negotiate for the surrender of the notorious killer. The director of the Indiana state safety department admitted that he had promised the outlaw a "square deal" in return for his surrender, the promise being given through Dillinger's father.

A square deal he should have, of course. But a square deal in his case can be nothing less than death. This may have been all that the safety director had in mind. The mere fact, though, that he was seeking to negotiate for the outlaw's surrender implies a willingness of the part of the authorities to offer special terms.

Dillinger may not be guilty of all of the murders laid at his door. There appears to be no doubt, though, that he has committed several killings. He, individually and with his gang, has spread terror through a large section of the country, defying state and federal officers, and always ready to shoot himself out of a trap if cornered.

Any thought of compromise with him is abhorrent. He should be brought in dead or alive; and if alive, full and swift justice should be meted out to him. Outlaws of his stripe deserve no mercy.

It takes two fools to make riches important—one to show off and one to envy him.

Anyhow, we learned that the "easy" described the customer instead of the payments.

And yet, most of the things you worry about never would trouble you if you couldn't read.

"THE LONE WOLF'S SON"

by LOUIS JOSEPH VANCE

CHAPTER XXV

"As my memory serves,—and as a rule it serves me well,—the ring was still on the table when I was called out of the room just now."

Isquith nodded.

"Fact is, we missed it as soon as you were gone."

"But concluded to think it over before taking any drastic action."

"Shouted no alarm, made no move to overhaul me before I could dispose of the loot? Rather thoughtless of you, wasn't it?"

"Rather," Isquith silkily allowed.

"Now you have pointed out the oversight, however, you may depend on our giving it plenty of thought."

"Monsieur will find the exercise beneficial, I am sure, if perhaps at first fatiguing."

"Adding impertinence to bravado, eh? And giving us to wonder what you think to profit by either."

"Not impertinence, monsieur, believe me, nor yet bravado—simply two different expressions of fatigue. In fine, this nonsense wears me."

"You'll be bone-tired of it, I'll wager, before you're finished with it."

"Rubbish!" And Lanyard lounged deeper in his chair, contemplating his company in bored impatience.

"What do you take me for? A child, to be frightened by funny noises in the night? Perhaps but one of you three knows who did pouch that wasn't I. Am I to sit here, then, and pretend to be appalled because it's your transparent scheme to make a scapegoat of me? But it is you who are children if you imagine I shall permit you to do so."

"As to that, my friend, we shall see."

"At last, one point on which we agree."

"Do I understand, monsieur—the Rajah, indignation painting his face with dusky pallor, took over the attack—'you have the insolence to imply that the other guests of mine and I are conspiring to accuse you falsely'?"

"What else can I mean, when I say every last one of you knows I didn't steal that ring?"

"Do you dare to insinuate that I—"

But this Lanyard drowned down with a voice of as much authority, and more volume: "If the status of a petty Indian prince clothes a man with all the virtues, this is the first one has heard of it. Furthermore, Your Highness, it but ill becomes a paragon to keep the company you do."

"Have a care, monsieur!" The Rajah was on his feet again, all tense and trembling. "With this lady present—"

"Be advised, Your Highness: let the lady speak for herself. She's quite able to. If it comes to that, Lanyard pursued with a smiling bow to the only other unflustered presence, 'Madame Boyce at least makes no pretenses. She is openly on the make—marries for money as often as the law allows, and doesn't bluff about it. Of Mr. Isquith here I know nothing more than that he doesn't ring true. The gesture of a gentleman isn't something one can turn on and off like electric light—he should know that. As for yourself, I confess I don't know your kind well enough to tell the Rajah of Ladore from an impostor. I dare say you're genuine enough, but—' Lanyard went into a drawl of wicked intelligence—"I do suspect

you at least of taking an unrighteous interest in the Habsburg emeralds."

"The Habsburg emeralds!" The Rajah stammered; his stare winced.

"What have they to do with my missing ruby?"

"That is for you to tell me, I think," Lanyard didn't trouble to disguise the pleasure it gave him to believe that a shaft loosed at random had lodged close to the quick.

"I only know that attempts have been made to rob their owner en voyage, that it has been proposed to me that I send them on shares, once they have been passed through the American Customs—which would seem to indicate a sure market in sight for stones that normally would be difficult to dispose of, but unmistakably are worth a rajah's ransom and would add luster even to the Crown of Ladore. And I now

looked to land at all. You see, I am

son's mind against me last night at the instance of Jack-Knife Robinson and English Archie Barker—even if he doesn't bow to those gentry on shipboard. As for M. Isquith, here, I have said I find his airs ambiguous—and frankly, the behavior of Your Highness fails to persuade me of your bona fides."

"Insolent!"

"Not at all; merely trying to find out where I stand—knowing, as I do, no more than that my back's to the wall. I confess I don't see why you can't be frank with me and pur your cards on the table. For my part, I don't mind admitting I haven't any relish for the prospect of being publicly accused of this pseudo-theft, though I know you will never be able to pin it on me. It would cramp my style considerably to land under a cloud, if allowed to land at all. You see, I am

you at least of taking an unrighteous interest in the Habsburg emeralds."

LOOKING BACK In Pickaway County

FIVE YEARS AGO

A new cannery, named the V. and R. Co., has been incorporated at Minster, Auglaize-co, with Kemper and Herbert Hammel, this city, as officers.

George Dudley Courtwright was injured when struck behind the ear by a golf ball at the country club.

Miss Elizabeth Ruggles is planning to present an organ to the Presbyterian church in memory of her parents.

15 YEARS AGO

Harness Renick, of Williamsport, has been awarded the contract to build 11 miles of road in Franklin-co for \$165,611.

MOVIES

AT THE GRAND

James Cagney says that his role in "Jimmy The Gent," the Warner Bros. picture now showing at the Grand theatre, saved him from becoming a sucker and losing a lot of money.

The picture concerns a racket in which money heirs to estates are dug up to collect inheritances. While working on the picture Jimmy received a letter from Spain in which he was informed that a fortune awaited him from a distant relative asking him to send \$1,000 to clear the claim. Jimmy didn't send the money.

AT THE CLIFTONA

There's a vast difference between writing jokes for radio and for the movies.

You have, as authority for that, George Burns and Gracie Allen, the "nitwits of the networks" and the "foolish-heads of the films." America's most popular radio comedians. At present they're featured in Bing Crosby's new Paramount picture, "We're Not Dressing," now at the Cliftona theatre, with Carole Lombard, Ethel Merman and Leon Errol.

"The best kind of radio jokes are those which paint a picture George and Gracie declare. And they point out that a movie joke doesn't have to do that because it's being pictured as it's told.

"Here's an example," he continues. "Gracie says the best Christmas presents are combinations, so she gave her brother a pair of trousers, patched with a red-and-white checked tablecloth. Then she explains that her brother lies flat on his face and her father and mother play checkers on the patch.

FEDERAL RE-EMPLOYMENT OFFICE OF MUCH SERVICE

Few residents of Pickaway-county realize the value of the Government-Re-employment service located in the City building in Circleville; nor do they realize how fortunate any community is to have such a Government unit in their midst.

Few realize or know that this office functions as a strictly 100 per cent federal setup without a penny of cost to the tax payers of Pickaway-county. Yet, here one may go, either man or woman, in need of employment, and without any obligation on their part whatever and register, for what ever occupation or employment they are qualified, from common laborers to the very highest skilled mechanics or technical trades. It is evident that very few women are aware that they may obtain employment through this Government Re-employment office from the fact of the very few registrations of women.

In less than eight months there have been 2173 registrations and 1295 people placed on work, some temporary while some were permanent.

The name, age, past employment and the permanent address of each applicant is kept in a simple, yet thoroughly systemized file, together with a map of the county, showing their place of residence facilitating the expediency of contact with the applicant without loss of time.

SHEA IS MANAGER With a moment's notice J. T. Shea, who has charge of the local office can show you just where in the county any applicant resides who is in his files.

No man or woman may obtain employment on any Federal project that will soon be opening up, unless he can present a card from the Government Re-employment Office, to the foreman or contractor, and all employees will be selected from the counties in which the work is located, so

long as the Government files are not exhausted in that county, so to all those who need employment we would insist that you go up to the Government Re-employment Office and register. And if you have registered sometime in the past, to take your card up to the office and have it renewed, which should be done every thirty days if you are not employed.

STUDY REPORTS

These Government Re-employment offices will be retained in the various counties of the state and become permanent fixtures, only so long as the Government feels justified in retaining them from the weekly reports sent in from the office manager as to the number of registrations and replacements. And for that reason, we say patronize Uncle Sam's Free Re-employment. It costs nothing. No matter if you want a man to empty the ash pan or a chemist to determine the amount of bacteria in the food you eat, or a woman to sew a button on your shirt, or one to take care of the house and children while you go out of town for a few days, go to your phone and call the Government Re-employment Office, phone 174 and if Mr. Shea has such a person in his files they will be right out on the job.

And should there not be such a person as you want available in Pickaway-county, the request will be sent to the State office, and each morning a list is sent out from the State office to every County office in the State of the available openings and help wanted, so if there is such a person as you want, available in the state, you will be placed in touch with him at once, and without cost to you. Only this week our local office sent five men to Chillicothe with wages ranging from \$8c to \$1.50 per hour.

IT TAKES A MAN like "Bill" Horn, who won the Gold Cup in 1932, to wind a big racing hydroplane up to 3000 r.p.m. and hold her to a speed of 60 to 70 miles per hour...for mile after mile. And when he's tired Camels quickly increase his vim and energy.

YOU'LL LIKE this delightful way of "turning on" your flow of energy

A famous New York research laboratory reveals that smoking a Camel produces a definite increase in your flow of natural energy. The effect is delightful, completely natural.

Many smokers have learned of this "energizing effect" in Camels for themselves. "Bill"

Horn, winner of the gruelling Gold Cup race, refers to his experience in these words:

"The man who drives a Gold Cup winner needs the last ounce of energy he's got. After a championship race I 'break out' my pack of Camels quickly, believe me! In no time at all I

get a 'lift' and everything is all serene! It's a swell feeling—just to smoke a Camel and be your real self again! That's what I do whenever I feel played out, and Camels never get on my nerves."

Try this pleasant and convenient way of ironing out fatigue and increasing vibrant energy.

Turn to Camels and learn the truth of the saying, "Get a lift with a Camel." Like to smoke steadily? Smoke as much as you wish! Camels are made from finer, MORE EXPENSIVE TOBACCOS than any other popular brand. They do not get on the nerves.

VIOLENCE BEGINS TODAY IN STRIKE ZONE

General Johnson, Abdicating Wants Board to Succeed Him

WASHINGTON — General Hugh Samuel Johnson, sensitive, bull-dozing boss of the Blue Eagle, is yielding his scepter, but he is abdicating in his own way.

That is the chief significance of what has been transpiring behind the scenes the past several weeks.

As early as May, Johnson began privately discussing with staff executives plans for a complete reorganization of administrative control. Codification was rapidly drawing to a close. It was only a matter of a few months before the work of the NRA would become almost entirely administrative instead of creative.

No man knew this better than Johnson.

The question then arose, how would this best be done, by a single ruler, or a commission.

On this issue a personal element was injected.

Wholly aside from the merits of a one or five-man command, there was the matter of Johnson's highly touchy pride.

It was this factor that kept him from trying to ride herd on a job that was large enough for one man to handle, and which was knocking him groggy with fatigue and exhaustion.

Johnson just could not see a successor stepping into his place.

And he was afraid that if he got out the President would appoint some one else to take over the job.

So, while friends began to fear for his health, he hung on long enough to work out a plan for a commission control. The President wanted to initiate the reorganization before he sailed.

Johnson demurred. He hadn't completed his set-up.

The President did not insist. Genuinely fond of the ex-cavalryman he agreed to wait. But he ordered Johnson to rest, and showed that he meant it.

Likewise, he "suggested" that Johnson curtail his stumping tour.

In doing this the President was acting on the strong counsel of Democratic Congressional leaders.

With them, Johnson's truculent type of oratory is not appreciated. A number of Democratic members told the President they did not want Johnson sounding off in their states.

The same advice was given the General by his former boss, Bernie Baruch, and by Professor Ray Moley.

The former told Johnson bluntly he was talking too much and too violently. That is why he is making only three or four speeches, instead of the twelve or fifteen he had planned.

Bubble Politics

There is more than one way to skin a cat; also more than one way to get bubbling politicians to attend campaign conferences.

Chesterfieldian James Hamilton Lewis was made chairman of the Democratic National Senatorial campaign committee. He had trouble getting his group together to plan the Fall battle in Senatorial elections.

"In my vanity," explained the Senator, "I took this position, knowing full well it would be difficult to handle. It is always hard to get public men together in the summer. So I called the meeting to Chicago."

"Why Chicago?" he was asked. "Chicago's terrifically hot in the summer, isn't it?"

"Ah," quoth the Senator with a twinkle of the eye. "Chicago may be hot. It may be crowded. But Sally Rand is doing a bubble dance. Haven't you heard? I rather thought if anything could draw them anywhere, that would."

And then, in philosophical afterthought, he added:

"When I wrote them, I mentioned it. I also reminded them that for the most part we are all bubbles, we in politics; our constituents are mostly bubbles. In fact, politics itself is just a bubble. What could be more appropriate than having Miss Rand entertain us with a bubble dance while we deliberate?"

2 DEATH-DEALING WRECKS PROBED

LABORER DIES; TRUCK DRIVER, 20, IS KILLED

Yonel Scaff, 51, Riding on Rear of Ladder-Wagon, Hit by Machine

DRIVER IS HELD

Allen Gatwood, Hallsville, in Whisler Crash

Investigations were planned today in two fatal traffic accidents during the week-end. Coroner C. E. Bowers, Prosecutor Ray W. Davis, and Sheriff Charles Radcliff were expected to take part in questioning several witnesses relative to details of the fatalities.

The dead are: YONEL SCAFF, 51, farm laborer, who died in Berger hospital at 9:20 p. m. Sunday 24 hours after the ladder-wagon on which he was riding was struck by the automobile of Harold Southworth, 26, of Detroit, Mich. The crash happened north of Bell's siding.

ALLEN GATWOOD, 20, native of Hallsville, whose truck of the Omar Baking Co., Chillicothe, where he had been rooming, was hit by the automobile of Lester Coey, of Colerain-twp., Ross-co. The wreck occurred Saturday afternoon at the road intersection in Whisler, Pickaway-twp.

SOUTHWORTH HELD

Southworth, who was driving to Detroit from West Virginia, was held in the county jail pending investigation of the Scaff death. He told Sheriff Radcliff and his deputies that he misjudged the distance between his car and the ladder-wagon on the end of which Scaff, father of five children, was sitting holding a lantern. Whether a charge will be filed against him is not certain.

The wagon on which Scaff was riding was driven by Robert Tweed, son of A. S. Tweed, Walnut-twp., for whom the deceased man was working. It trailed two other wagons driven by Ben and M. J. Nothnagle, and Sara Cook, Miller's Nothnagle took Scaff to Berger hospital where he died of a fractured skull without regaining consciousness. Robert Tweed was slightly hurt.

The wagon had been used during threshing activities in the Bell's siding vicinity.

All the vehicles including Southworth's were going north. The Detroit man, whose home is 3044 Vicksburg Ave., was driving a Ford coupe.

Scaff's home was Fullerton, Ky. He came to Pickaway-co. only a month ago. Besides his five children, his widow, Mrs. Mary Hicks Scaff, survives.

The Scaff body will be sent by the Albough Co. to Fullerton, Ky. Tuesday morning for funeral services and burial.

THROWN INTO ROAD

Gatwood was driving his bakery truck east through Whisler when Coey's Dodge going north is said to have struck the rear of the truck. Gatwood was thrown to the ground and the truck fell on him. It was reported.

He suffered a fractured skull, a broken neck and a crushed body. Although either of his injuries were believed sufficient to cause death, Gatwood walked about in the road for a moment after the car was removed.

Coroner Bowers and Deputies Custer and Fissell went to the scene.

Coey was accompanied by Matthew Gilpin, Chillicothe, R. F. D. 6. Neither was badly hurt.

Further investigation into this accident was scheduled for 1:30 p. m. (Continued on Page Two)

MRS. DOWNS, 45, DIES

Mrs. Estella Florence Morrison Downs, 45, wife of Emory Downs died Sunday at 9:20 a. m. at the home of her son, Marshall Downs in Fairfield-co., after a four weeks' illness.

The deceased was born in Adelphi, Sept. 11, 1888, the daughter of John and Lillian Clark Morrison.

Surviving besides the husband and son at whose home she died are the mother and two grandchildren.

Funeral services will be held at the mother's home in Adelphi Tuesday at 1 p. m. with Rev. Springer of Amanda officiating.

Burial will be in Green Lawn cemetery in charge of Defenbaugh and Son.

Nudist Colony Raided

Ten, Including Two Small Boys, Jailed at Delaware; To File Charges.

DELAWARE, July 16.—Arrested in a raid on Sheriff C. E. McKennie described as a nudist colony, 10 persons, including two small boys, were held in jail here today.

Those taken into custody, according to the sheriff, were: Jasper Adams, 35, of Columbus, Walter Resph, 34, of Columbus, Beatrice Brown, 48, of Cincinnati, Beatrice Black, 40, and her husband, Harry, 43, of Lancaster, August Smith, 29, of Cincinnati, Leon Emow, 29, and his wife, Frances, 25, and the latter's two children, David, 6, and Donald, 7. The Emowes are from Pasadena, Cal., they said.

CHARGE EXPOSURE

Sheriff McKennie declared that the two small boys were taken to jail "because I didn't know what else to do with them." The others, according to the sheriff, will be charged with indecent exposure.

The nudist colony, the sheriff reported, was located in the heart of a patch of woods on an isolated farm on the Powell road about five miles south of here. Members of the camp, he said, had erected a high fence of brushwood around it to screen their activities.

When the sheriff and his deputies descended on the camp, they found some of the members playing volleyball, others tossing.

AMANDA MAN DEAD, CAUSE IS STUDIED

Mystery today surrounded the death of Emmett Christy, 33, son of Mr. and Mrs. Milton Christy of Dutch Hollow, near Amanda, who was found dead in the basement of the Hocking Glass Co. plant in Lancaster, Sunday night, several hours after he had gone to work.

Although it was believed that Christy had been electrocuted by the short-circuited motor of a fan into which he fell, Dr. Clark Axline, company physician, doubted this theory and was to perform an autopsy today.

Coroner James Walt of Fairfield-co. withheld his verdict pending the outcome of the autopsy.

Besides his parents, Christy is survived by three brothers, Glen, Joe and Fred, at home, and two sisters, Mrs. Helen Monroe and Mrs. Rose Marshall of Lancaster.

Funeral services will be held at Dutch Hollow church at 2 p. m. Wednesday with Rev. Lutz in charge. Interment will follow in Amanda-twp. cemetery.

FORK SAVES PASTOR

CAMBRIDGE, July 16.—Rev. Edward W. Knox, 22-year-old minister, today owed his life to a fork.

While eating, a bolt of lightning came through an open window, struck his arm and then flashed out of the lines of the fork through another window.

His arm was paralyzed for two hours but was none the worse for the flash today. The fork, it was said, served as a lightning rod.

Morals Case Witness

Pearl Owings

Mrs. Pearl Owings is pictured in the courtroom at Los Angeles, where she testified as a witness for the state in the trial of Dave Allen, head of a movie casting bureau, and Gloria Marsh, film extra, on charges of an offense to public morals. Mrs. Owings testified regarding an apartment party in which Allen, Miss Marsh and Miss June DeLong, another film extra, allegedly had been involved.

WHEAT STAYS AT 87 CENTS

Price Same as Close Saturday; Futures Show Strength at Chicago Mart.

The wheat price remained at 87 cents per bushel here today, stationary for the first time since an increase which took it up 12 cents in a week's time began last Monday.

Grain futures at Chicago displayed a strong under-tone during the forenoon dealings on buying stimulated by unfavorable weather conditions in many parts of the grain belt and the pronounced strength at Kansas City where wheat advanced nearly 2c.

Wheat advanced to a new high on the movement at the start when the September delivery sold at 99 7/8c a gain of 1 1/4c. Prices reacted sharply when profit taking and hedging pressure were evident.

Corn assumed the leadership in the early trade. The yellow cereal was bought on the belief the crop suffered further damage as a result of the extremely high temperatures in the southwest over the week-end.

Winnipeg was 5-8 to 3-4c higher and Liverpool unchanged to 1-4c higher.

At noon wheat was 1-8c up to 1-8c up corn 1/2c to 1c higher, oats 1-8c lower to 1-4c higher and rye 1-8 to 1-4c down.

Estimated carlot receipts: wheat 320; corn 152 and oats 27.

2 POLICEMEN SHOT; SEE DILLINGER MOB

CHICAGO, July 16.—Authorities today likened the ruthless machine-gunning of two state highway policemen late last night to the work of John Dillinger or members of his bandit gang.

One of the officers, Gilbert Cross, was struck in the abdomen and chest by seven slugs and is near death. The other, Fred McAllister, was wounded in the shoulder. Physicians said Cross' wounds would probably prove fatal.

Cross and McAllister, cruising in a squad car, became suspicious of three cars parked in a line on a country road. They drove up to the rear-most car, halted, and prepared to quiz the occupants. But as Cross started to open the police car door, bullets rained upon him. The parked cars immediately sped away.

Four men and a woman were in the car from which came the barrage, McAllister said.

Arthur Dunn, son-in-law of Mr. and Mrs. Thomas McManamy, W. Ohio-st., was removed from Grant hospital to the McManamy home Sunday morning in the Richard invalid car.

Mr. Dunn is recovering from a broken back suffered in a fall from a ladder at his home 12 weeks ago.

IRWIN STUDIES OFFICE DUTIES WITH BEVERLY

State Examiner Here to Put New Relief Director on Right Foot

TRUSTEES TO HELP

Miss Southward to Act as Office Investigator

County commissioners were hopeful today that the relief system as operated under the direction of Major E. O. Braught, Columbus, would be restored to Pickaway-co. as soon as possible, in all probability before August 1 as predicted last week. It is possible, they believe, that relief will be received before the end of this week.

A shipment of potatoes may also be received here before the end of the week for distribution by Relief Distributor John Drum, it was said.

Howard Irwin, recommended by the commissioners for relief director and approved immediately by Mr. Braught, was on the job Monday, getting ready to undertake his task. He was going over the books and records of the office Monday, with R. B. Beverly, state examiner.

COMES UP TUESDAY

Major Braught will recommend Tuesday to the state relief commission that Pickaway-co. be restored to "good standing" in the relief set-up. It is believed certain that approval of his recommendation will be granted.

It was announced Monday that Miss Clara Southward, social service worker for the Circleville Benevolent association, has been appointed investigator for Mr. Irwin's office.

Miss Southward's knowledge of relief and methods through which needy are cared for should prove of much value in the operation of the office. She will be required to spend only a little time in the rural sections since the commissioners have worked out a plan wherein the trustees of the various townships will report their needy families. This was one of the points on which the commissioners gained Braught's concession. It is the custom through the state to have all families investigated by "case" workers. In this county the trustees will do much "case" work.

ONE OTHER AIDE

Mr. Irwin will have one other assistant, a clerk-stenographer, who has not yet been appointed.

COLUMBUS, July 16.—While the AAA at Washington started disbursement of more than \$30,000 among contracting wheat producers agents of the Agricultural Adjustment Administration in Ohio today rushed to completion their report compliance of wheat producers in this state with the program.

The 23,000 farmers in Ohio who are under wheat reduction contract with the government will receive approximately \$500,000 of the total \$30,000,000, representing the second installment of payments on the 1933 wheat crop reductions.

Although checks started to leave Washington today for contracting farmers in some of the states, Ohioans will not receive their checks and checks for probably another month.

This delay in Ohio was explained by H. C. Ramsower, director of the Agricultural Extension Service at Ohio State University and AAA representative in Ohio. Harvesting of wheat started in western states much earlier than in Ohio, in some cases six weeks earlier.

Hollywood Players in City This Week

The Hollywood Players open a week's program here this evening with their big tent located on the Cincinnati-st. lot opposite the school building.

The opening play is "The Wife Tamer" featuring Mary Elia and Welton.

The troupe is a unique one and has been drawing good crowds wherever it has been appearing.

PROMINENT MADISON CO. ELEVATOR MAN DEAD

LONDON, O., July 16.—Chauncey, 58, member of a prominent Madison-co. family, died at his home in that city Sunday. He operated a grain elevator for a number of years and was active in Masonic work.

General Picture Exposed

All Transportation Is Ended, Stores Closed and Food Supply Failing.

SAN FRANCISCO, July 16.—Highlights of the general strike in San Francisco and east bay cities follow:

On strike: 75,000 members of 177 unions in San Francisco.

15,000 members of 28 unions in Oakland and other east bay cities.

32,000 members of 79 additional unions in Oakland will join the general strike tomorrow.

CANNED GOODS GONE

No fresh meat available. Supplies of corned beef, ham, bacon and other cured meats practically bought out by housewives fearful of famine. All available supplies of vegetables and fruit exhausted. Potatoes, sugar, flour and other staples rationed by grocers—five pounds to each purchaser. Canned food supply rapidly diminishing from grocery store shelves.

Restaurants—the strike executive committee licensed nineteen restaurants, located in key sections of San Francisco, to remain open.

Telephone, light, water and gas service will be maintained.

Transportation—taxicabs tied (Continued on Page Two)

ASPIRANTS ON 'TALK' TOURS

Last Month of Campaign Begins With State Candidates On Heavy Schedules.

COLUMBUS, July 16.—The last month in the pre-primary campaign in Ohio today saw political candidates as busy as the proverbial bee.

Congressman Charles West and Governor George White, opposing candidates for the Democratic nomination for U. S. senator, were to appear on the same speakers' platform at Lima (tonight) at a rally sponsored by the Allen County Young People's Democratic club.

Former Governor Vic Donahy, was invited to speak at the meeting but refused.

Meanwhile, Martin L. Davey, Kent tree surgeon and former congressman, was expected to train his big guns on the candidacy of Lieut. Gov. Charles Sawyer, of Cincinnati, at a Democratic rally held at Lima.

Davey, Sawyer and William G. Pickrel, the latter from Dayton, are candidates for the Democratic nomination for governor.

Davey, entering the "home stretch" in the race, also announced a 10-day speaking tour. He will go to Coshocton tomorrow night and also visit Columbus, Greenville, Cincinnati, Hamilton and Chillicothe.

Democrats from Holmes, Tuscarawas, Guernsey, Muskingum, Licking and Knox counties are expected to attend the Coshocton meeting. The rally at Akron tonight is expected to draw Davey Democrats from Summit, Portage, Medina, Wayne, Stark, and Lorain counties.

At the Greenville "Davey" meeting will be a rally of Preble, Montgomery, Miami, Shelby, Auglaize and Mercer-co. Democrats and a delegation from Pickaway-co. was expected to attend the Chillicothe meeting Saturday night.

ANGRY BULL KILLS MUSKINGUM MAN

ZANESVILLE, July 16. James Ford, 45, farmer of near Fulton, west of here was in Bethesda hospital today with serious injuries suffered when he was gored by a maddened bull.

The cow turned and charged Rinehart as he was leading the animal to a milk shed. Schneider was hurt when he went to Rinehart's rescue.

THOUSAND RAID STORE ESCAPING WITH FOOD

Entire West Coast Suffering From Industrial-Economic Paralysis as 67 Day Strike Broadens; Thousands Out of Work; Troops, Police Ready for Any Trouble.

SAN FRANCISCO, July 16.—The paralysis of the terrifying general strike in San Francisco and east bay cities gripped the 1,000,000 inhabitants of this area with vise-like strength today at 8 a. m.—the hour when the walkout of 90,000 men officially took effect.

Shortly before the zero hour, a food riot broke out in the Mission district of the city. A mob of one thousand persons broke the windows of a grocery store and looted the store of \$1,500 worth of food. Flying squad police cars sped to the scene, but the mob had vanished with the foodstuffs. No arrests were made.

COAST PARALYZED

While the official hour of the strike was 8 a. m., today, the general walkout has been in effect since Saturday when the strike executive committee of the central labor council issued the order for complete cessation of work—a disastrous aftermath of the 67 day tieup of Pacific Coast ports from Canada to Mexico due to the longshoremen's strike.

Tomorrow the tieup of industrial and economic life will be completed with 79 more unions in the east bay—Oakland, Berkeley, Alameda and seven other municipalities—with their 47,000 men throwing their weight into the general strike—a strike which already has brought practically all trade and fear to the 1,000,000 people in the affected region.

3 UNMASKED MEN ROB BANK

Holmes-Co Scene of Holdup; Cashier Forced To Give Up \$2,500.

BIG PRAIRIE, July 16.—Three unmasked bandits, armed with revolvers, today invaded the Monitor bank here, forced the cashier who was alone in the bank at the time to open the safe and escaped with between \$2,500 and \$3,000 in cash. The gunmen entered the bank in Holmes-co. a short time after 9 opened for business and walked calmly up to the cage where Cashier C. S. Starnes was in attendance. One of them commanded Starnes to raise his hands.

"What's the idea," Starnes said he asked the man.

"This is a holdup," he was told. "One of the bandits left the window and returned to guard the doorway. The others jumped over the railing and forced Starnes to open the safe. He was then told to lie on the floor while the robbers fled.

According to witnesses, the bandits escaped in a Ford V-8 coupe with yellow wire wheels and were later reported sighted at Nashville. The license tags on the car, 359-077, had been stolen from a resident of Martinsburg in Knox-co. Friday night, leading officials to believe the bank robbery had been planned for days in advance.

Police Court

Mayor W. B. Cady's police court had a week-end of activity. The following came before the mayor for hearing Monday:

George H. Baker, Columbus, charged with operating his auto recklessly on Route 23, north of here, fined \$10 and costs. He was arrested by Highway Patrolman F. J. Crume.

Leonard Gilmore, Darbyville, charged with intoxication, following his arrest at 6 p. m. Sunday, fined \$5 and costs, both of which were suspended.

Nelson Walters, Franklin and Pickaway-sts., charged with intoxication, fined \$5 and costs, which he paid and was released.

Gerard and Alfred Davis, brothers, of Circleville R. F. D. 1 were to be given hearings before the mayor for forging checks. The former was arrested by Officer William McCrady at Funk's grocery, W. Main-st., where he attempted to pass a check. The latter was arrested Sunday evening and is charged with giving a forged check to the J. C. Penney Co. this city.

Both have allegedly signed confessions. They will be bound over to the grand jury, which will meet tomorrow.

PONTIUS ATTENDING ELKS GRAND LODGE

Leland E. Pontius, exalted ruler of Circleville Elks lodge No. 77, left Sunday to attend the grand lodge session of the organization in Kansas City which opens Tuesday.

The annual Elks picnic and outing for Elks only will be held August 1 at David Dunlap's country home, Pickaway-twp.

BIRTHS

Mr. and Mrs. Lorne Roehart of E. Mount-st., announce the birth of a 10 pound son, Monday.

TALLY IS TAKEN

When the strike tally is made up it will read: Coastwide, 23,000 longshoremen.

SOLDIERS ON WAY

SAN JOSE, Cal., July 16.—Bound for the strike zone, four batteries of the 1st field artillery, rushed there here today.

The unit has been in camp at San Jose, Cal., since it was equipped with four 75 mm. guns and a machine gun to every squad.

and seamen in Seattle, Tacoma, Portland, San Francisco, Oakland, Los Angeles and San Diego. San Francisco, 177 unions and 75,000 men; Oakland, Berkeley and other east bay cities, 107 unions and 47,000 men—for a grand total of 144,000 men on strike on the coast with 122,000 of these in San Francisco bay area.

Tigers Again Defeat Yanks

NEW YORK, July 16.—The old-timer on the corner, who likes to indulge in a little tall story telling now and then was saying this morning that there was a movement on foot in Detroit to give the motor city lock, stock and barrel to one, Gordon C. Cochran. For once the old-timer's musings were not greeted with derisive laughter, for it would take a brash man indeed to declare that Gordon C. (otherwise Mickey) Cochran is not the most popular person in Detroit today.

HEYDAYS RETURN

When Mickey's Tigers took the Yankees over the jumps again yesterday and increased their lead in the American league pennant race to a game and a half, the city on the Detroit river found itself in the grip of a baseball hysteria it had not known since the heydays of Tyus Raymond Cobb and Hugh Jennings.

Mickey has done a swell job with the Bengals and the fans know it.

Yesterday's victory was a comparatively easy one, the Yankees succumbing 8 to 3, as Schoolboy Rowe, making his second appearance of the series, and Fipps Marberry held the McCarthys to eight scattered hits.

In Cleveland the Indians continued to function in the same high

gear in which they rolled along last week to flatten the faded Senators in both ends of a double-header. The score of both games was 10 to 8.

It's a pity somebody doesn't tell Waite Hoyt that he's an old man and not capable of performing like a youngster. The former schoolboy star of the Yankees performing in the livery of the Pittsburgh Pirates just missed hurling a no-hit game by a whisker when he shut out the Boston Braves in the first game of a twin bill at Boston, 5 to 0.

Only one hit did the veteran Hoyt allow, a single by Thompson with one out in the third inning. Only one Brave reached second, Hoyt walked three and struck out seven in his great exhibition. In the nightcap Ed Brandt was invincible and the Braves won, 3 to 0.

Whenever the New York Giants want an important job done whom do they call upon? Why, Carl Hubbell, of course. The king of left-handers was rushed into the breach at the polo grounds yesterday when young Hal Schumacher began to falter in the seventh inning and the Terrymen beat the Chicago Cubs again, 5 to 3. Hub held the Cubs runless in the two innings he worked.

The hapless Brooklyn Dodgers were in seventh place for a new season's low today as a result of the two blastings given them by the St. Louis Cardinals, 2-0, and 6-3. In the first game the celebrated Dizzy Dean gave the Brooklyn only four hits, while in the nightcap, the irresistible Joe Medwick banged out two home runs.

THREE WAY TIE FOR GOLF MONEY

ST. PAUL, July 16.—"Light-horse Harry" Cooper of Chicago, Ky Laffoon of Denver, and Johnny Revolta of Milwaukee will tie off in a three-way fight for first prize money in the St. Paul \$5,000 open golf tournament here today.

The trio deadlocked in the final round yesterday when they each recorded cards of 283. Cooper and Laffoon had tied with sub-par 69's, when Revolta, who was in ninth place after 54 holes, smashed his way around Keller course in 65 strokes, seven under par, equalling the course record set by Ed Dudley in the 1931 tourney.

Tommy Armour apparently had first prize money sewed-up, but he lost his touch on the final four holes and finished with a 286, with George Von Elm of Akron, and Sam Parks of Pittsburgh.

Horton Smith of Chicago was seventh with 287, Walter Hagen of Detroit eighth with 288. Three tied at 291 for ninth—Oliver Sleppey and Orville White of St. Louis, and Bill Kaiser of Louisville.

Tigers' Star "Rupul"

"Schoolboy" Rowe

Here is one good reason why the Detroit Tigers have managed to reach the top of the heap in the American league title scramble—Lynwood (Schoolboy) Rowe, who scored his tenth victory of the season by defeating the New York Yankees, fanning 11 of the Yank batters. After suffering from a sore pitching arm in training camp, Rowe staged a brilliant comeback to pace the Tiger pitchers in the fight for first place.

About This And That

BY THE SECOND GUESSER

SEVERAL CHANGES IN THE rosters of recreation league teams were evident today as the deadline for changing players was reached. Beginning with tonight's game between the Circleville Oils and Circle City dairy no player can be transferred, released or traded one team to another or the remainder of this half.—Of course this rule does not prevent a team from picking up players who have not been with any one else.

Four straw-board men, Don Brannon, Red Lawhorn, Carl Thomas and Ray Brungs, have signed with the McClarren Meats after being turned adrift by their former management—Bill Hegel, who starts to work at the straw-board today, has been released to that team accordingly by Cum (Ve Vas Robbed) Robinson—Dorothy Courtwright has been added to the eligible list of the Circleville Oils. All managers must be ready to hand in their complete list of players at a meeting scheduled this evening.

The week's schedule includes: Monday: Circle City dairy vs. Circleville Oils. Tuesday: Given Oils vs. McClarren Meats. Wednesday: Purina Chows vs. Eshelman Feeds. Friday: Eshelman Feeds vs. Circleville Oils.

THE FRIDAY EVENING game will eliminate one of the two teams now tied for first place from the top berth—Neither the Eshelmans nor the Oils have lost in the league this half and their conflict should be a hot one—The Second Guesser received a letter in Monday's mail from some fan concerning Friday's game and the decision of John Rooney which ended the game in an uproar; sorry we can't print it because the writer was apparently trying to disguise his hand-writing and did not have enough crust to sign his name.

A. L. Wilder, clerk of courts, has received notice from the state conservation department that a t effective immediately and continuing for five years, the open hunting season for pheasants would be from November 15 to November 25.

Formerly, the time extended to December 1. The move is being taken to save ring-neck pheasants in Ohio from depletion, it was stated. Under the new ruling, the bag limit on the pheasants will be two per day and no person shall be allowed to have more than four in his possession at any given time.

First you get rich. Then you live in dread of tax laws and kidnapers. And that's success.

CONTAINERS DROP DOUBLE

Columbus Outfit Springs Two Fast Pitchers On Local Aggregation.

The Container Corporation recreation ball team was unable to shake its batting slump Sunday and dropped two games to the United Woollen Mill team of Columbus, 3 to 0 and 6 to 1.

The Columbus club put a pair of keen pitchers on the mound, Wipple proving a sensation in the first game, and Packard almost as good in the second. Bill Hegel pitched creditable ball in the first with Baker twirling the second.

Dade umpired both games behind the plate with Reid on the bases for the first encounter and Courtwright for the second.

ASHVILLE BEATEN

Ashville's ball club in the Central Ohio league took an important contest on the chin, Sunday, with Brice Hanna Motor Sales doing the dishing. The score was 6-1 with Lefty Cooksie again proving master of the Ashville nine.

Brice scored five runs in the third frame to do the trick. Ashville was handicapped by the absence of Art Walker, who has joined a Chillicothe team playing with his old teammate, Whacker Davis.

LIMITING SALES

Cigarettes and tobacco stores, unable to replenish supplies, limiting only one package of cigarettes or one tin of tobacco to each customer.

Funerals—strike executive committee issuing special permits for union hack drivers and hears drivers.

Garbage—warned by City Health Director Dr. J. C. Geiger that an epidemic would result unless debris was removed as usual, the strike executive committee exempted garbage trucks from the general walkout.

Ferries—auto ferries still operating. Passenger ferries which handle United States mail between San Francisco and east bay cities will continue to carry passengers—and the mail.

AUTOMOBILES STOPPED

Gasoline—only three service stations open in the city. These stations are selling gasoline only to doctors and police cars. Motorists have garaged their cars for the duration of the strike.

Barber shops—haircuts and shaves ended as barbers joined walkout.

Beer-beverages of all kinds "down to last pint." Bartenders joined strike today.

Waterfront—steel-helmeted national guardsmen, called out July 5 following the bloody battle which claimed two lives, still patrol the state-owned embarcadero.

Violence—one strikebreaker reported recovering from bayonet wound. He failed to obey national guardsman's order to halt, according to guard officer.

Gang fights between strikers and strikebreakers occurred almost hourly throughout the city, resulting in discolored eyes.

Gangs of hoodlums reported circulating throughout the city.

horseshoes and some reclining in the sun. The two small boys were running and playing tag.

FORCED TO DRESS

Sheriff McKennie forced the colonists to dress and took them to jail. He said that boys living on a nearby farm had stumbled across the retreat of the alleged nudists. There were no buildings at the camp. One of the members told the officer, he said, that they used the camp only during the week-ends and slept in the open. There was no running water in the place but the members had rigged up a shower bath by putting a "sieved" tub in a tree.

The colony, the sheriff also was told, had been formed about two and one-half months ago. Whenever its members left, they were fully clothed, one of them claimed. All of those taken into custody were expected to plead not guilty to any charges filed against them.

Gatwood is survived by his parents, Mr. and Mrs. Don Gatwood, Hallsville, and a sister, Mrs. Roy Shepard, also of Hallsville.

The funeral will be held Tuesday at 2 p. m. at the Hallsville United Brethren church with Rev. H. C. Elliott officiating. Burial is in charge of Donald E. Whetsel.

Harry Boggs, Fairwood-ave, Columbus, who was charged with manslaughter in connection with the death of Herman Smith, New Holland farmer, two weeks ago, was bound over to the Fayette-co grand jury under \$1,000 bond, following a hearing in Justice W. W. DeWees' court in Washington C. H. Saturday.

Represented by John J. Chester, Jr., Columbus, Boggs furnished the required bond and was released.

He is alleged to have struck Smith on the New Holland road as the latter was working on his automobile near the side of the road.

HEAR 7 WITNESSES

Seven witnesses were examined at Saturday's hearing, with some of the testimony indicating that Smith's head struck the inner edge of the radiator as he was hit. This tended to show that he might have been leaning over his car working when struck. Other evidence, however, submitted by the defense was to the effect that he had stepped back from the car a moment before he was struck.

Pictures taken at the scene of the wreck before the body and Smith's car were removed were submitted in evidence.

Steve Orlando and Phillip Sorce, Pittsburgh fruit dealers, were dazed and suffered minor injuries Saturday evening when their automobile turned over three times on the Lancaster-pk three miles east of this city.

Orlando, the driver, is said to have lost control of the vehicle. They were enroute to Cincinnati. Both men spent Saturday night at Berger hospital but were discharged Sunday morning.

LETTERS TO EDITOR

Circleville Daily Herald, Circleville, Ohio.

The great need in the states is for executives who will participate and sympathize with the National Recovery Act, executives who will help level the depression and serve to establish the financial system of the country.

A—120,000,000 people can't be governed through small minds with a heavy and complicated government.

We are a free people, to remain free, the different States require strong free minds. That's why the State of Ohio needs Charles Sawyer for Governor, a competent accessible gentleman, ready to simplify and solve the problems that will face him, problems that must be solved.

Our safety, our security, our freedom depends entirely upon an executive who will bring with him an atmosphere of confidence and trust. Our affairs can be managed with thought, intelligence, kindness, and cooperation of mutual understanding.

The people of Ohio want peace, they want an executive whose moral force will count, an executive free from taint of political hypocrisy, that's why the people want Charles Sawyer for Governor of Ohio.

HUNT SPREADING FOR BOY, 2

HARTSDALE, N. Y., July 16.—The search for two-year-old Robert Connor, son of Mr. and Mrs. Charles Connor, who is believed to have been kidnaped Thursday, continued with renewed vigor today following the promise of Governor Herbert H. Lehman, that every resource of the state would be put at the command of the searchers.

The Governor and Mrs. Lehman, who are residing for the time being at their summer home a few miles from here, called upon the harassed parents of the missing child yesterday and personally promised state aid in the hunt.

Meanwhile police and federal agents, who have been leading the hunt, reported themselves virtually without a clue to the infant's whereabouts.

GONE SINCE THURSDAY

The child disappeared from in front of his home here Thursday evening and not a single trace of him has been found.

State police and Boy Scouts with bloodhounds were to go over an area of two square miles of wooded section adjacent to the Connor home. This territory has been gone over before, but the searchers are still hopeful that a scent may be uncovered which will lead them to the child.

The father of the child still clings to the belief that this is a kidnapping case and that he will receive a ransom letter within the next few hours.

Bernard Seidenberg, 20, of the Bronx, is being held on a charge of extortion in connection with the case. He is said to have sent a letter to the boy's father promising his return for \$50. Police said Seidenberg, who has been unemployed, read of the child's disappearance in the papers and sought to "make some easy money."

JAY COMMENTS ON DIVIDEND PASSING

The passing of the common stock dividend of the Columbia Gas and Electric Co. is causing comment among its shareholders everywhere, among whom are quite a few in Circleville. Manager H. M. Jay, of the Ohio Fuel Gas Co., a subsidiary of the Columbus, calls attention to a statement appearing in the New York Sun, of July 10, 1934, headed "Rates and Dividends."

In stopping the common stock dividend Columbia Gas and Electric reminded its shareholders and the public at large of a few incapable facts. Increasing taxation and rising costs of operation have been going hand in hand with rate reduction ordered by various municipalities. The result has been the squeezing of profits out of the hands of those who have been putting their savings into public utility securities. Although obvious enough to many observers, a portion of the public fails to see any inconsistency in jacking up costs and putting down rates.

OVERWORKED NERVES

UP TO your ears in work—every nerve at high tension. No wonder you snap at the wife and bark at the children.

Watch out! Overworked nerves may lead to Sleeplessness, Nervous Headache, Nervous Indigestion and a host of other unpleasant disturbances. Why don't you try Dr. Miles' Effervescent Nerve Tablets?

Just one in a half glass of water makes a pleasant, sparkling drink delightfully soothing to over-taxed nerves.

Dr. Miles' Nerve is now made in two forms—Liquid and Effervescent Tablets. Both have the same soothing effect.

FORMER PHYSICIAN HERE PASSES AWAY

Dr. Jeremiah Ellsworth, 85, who practiced medicine in Circleville a number of years ago, was dead at his home in Van Wert, O., today, after a long illness.

Preceding his retirement several years ago, Dr. Ellsworth had practiced both in Pickaway and Vinton counties. He died at the home of his son, Rev. Bearl M. Ellsworth, pastor of the First Methodist Episcopal church at Van Wert, who is widely known in the Ohio conference of this church.

Dr. Ellsworth was born at Goshen, O. Besides the son, he is also survived by a daughter, Mrs. E. M. Drokaw, Worthington, O.

JACKSON LIVESTOCK YARD TO BE MOVED TO ROSS-CO CENTER

The Jackson-co livestock sales company will move its stockyards from Jackson to Chillicothe, it was announced in Chillicothe Saturday.

The move is being made, it is said, because of the failure of stock raisers and dealers to cooperate at Jackson.

The new yards will be located on the right-of-way of the Norfolk and Western railroad.

STRANDED PEOPLE ARE RESCUED FROM LAKE ERIE WATERS

CEDAR POINT, July 16.—Two boat loads of persons, stranded on the rough waters of Lake Erie last night when a sudden "northeast" swept over this section, were rescued today by United States coast guardsmen from Marblehead.

Sunday 'Eve' Show Results in \$10 Fine

Mrs. Loretta Rank, Washington and Franklin-sts., was having a pretty nice time in her swallowtail coat and derby hat, sporting a cane, through the downtown section Sunday night, before she was stopped by police officers.

She made quite a showing in her unique outfit and put on a good show for the persons who were in the streets at the time.

Now and then, she would throw her cane into the street and then step out in front of an auto to pick it up. She caused the traffic on S. Court-st to be tied up several times.

She finally started "soliloquy" after about one hour's tour through the city and was arrested on E. Main-st by Deputy Sheriff Bryan Custer and Officer Karl Radcliff on a charge of intoxication and disorderly conduct. She was fined \$10 and costs by Mayor W. B. Cady Monday which she paid and was released.

KAYE DON TO BEGIN FOUR MONTHS' TERM

LONDON, July 16.—Smiling Kaye Don, the world's fastest automobile driver, was sentenced to four months imprisonment today on the Isle of Man on his conviction for manslaughter in the death of his mechanic in an accident in which he almost lost his own life.

Don's demeanor was respectful rather than cheerful today as it was brought to his attention that English justice under any circumstances places great importance on human life.

Afterwards Don had no complaint about the sentence just as he had none about the verdict. He will begin to serve his term immediately.

New Buses Ready for Scioto Valley Aug. 1

New stream-line buses on the Valley Public Service line, operating between Chillicothe and Columbus through this city, will be placed in regular service about August 1, H. A. Cryden, general manager, announced today.

The coaches are the latest in transportation, equipped with air brakes, with roomy and comfortable seats.

here and in Los Angeles union leaders discussed the possibility of a general walkout.

SEE MARTIAL LAW

Over the entire San Francisco bay region hung the dark likelihood of martial law.

At Sacramento, the capital, Acting Governor Merriam said his steps would be guided by "developments," but his national guard troops patrolled the San Francisco and Oakland waterfronts, following last week's bloody rioting, with orders to move to stop any more serious tumults or disorders that may get out of control of police.

And at the San Francisco presidio United States troops were in readiness with all leaves cancelled and all men away hurriedly called back to duty.

"We'll move in," one officer said. "If Government property—mail trucks, the postoffice or buildings—are damaged, or if great disorder breaks out."

"We're supposed to protect the citizens of the United States and their property, and we'll do it."

At Los Angeles union leaders moved to form a "war chest."

J. W. Buzzell, chairman of a committee representing American Federation of Labor unions, said: "Those strikes at Los Angeles harbor need money to keep them going."

The longshoremen's union at Los Angeles harbor refused to conduct a referendum to decide whether the strike would be arbitrated.

JOHNSON ON COAST

In the back ground, but working diligently for peace, was President Roosevelt's national longshoremen's board, strike mediation body. The three members were still trying to get at the crux of the entire strike situation by bringing the longshoremen and ship owners together on the point on which both sides have stood adamant—the control of halls where the longshoremen and seamen are employed.

The maritime unions demand control of these hiring halls, indicating that they will submit their other demands to arbitration. The ship owners have said they will submit completely to arbitration, but refuse to meet the demand for a guarantee of union-controlled hiring halls.

Another move for peace is expected today with the arrival of General Hugh S. Johnson, NRA Administrator, from Portland, Ore. His official schedule calls for him to speak tomorrow at the University of California, across the bay in Berkeley, and receive a Phi Beta Kappa scholastic key from his alma mater.

But the belief was prevalent in the strike area that he would launch a move for a truce, probably by calling a meeting of employers and strikers.

Mayor Angelo J. Rossi of San Francisco, issued a proclamation, declaring an emergency.

He appointed a committee 500 San Francisco citizens, as the city's police strike duty force of 700 was increased by 500 special patrolmen, to begin at once the task of obtaining and distributing

the necessities of life.

TO PROVIDE FOOD

The committee starts functioning simultaneously with the start of the general strike.

"The people of this community," the proclamation read, "are hereby assured of food and protection under whatever measure are necessary to accomplish this purpose."

The present issue being clearly defined, I ask support only from those completely committed in their hearts to the American form of government, it being my intention that those who seek the destruction of this government shall find no comfort in this community."

The strikers have organized their own police force, much after the mode of the navy's patrol, with the promise that they will preserve order in their own ranks.

But the general public in the San Francisco bay region was putting distance between it and the strike; that is all who could.

The citizens were racing to country homes, mountain cabins, the seashore resorts, or inland to other cities.

Arteries of travel—railroads, ships, planes and highways—were clogged with people going away from the shores of the historic bay behind the famed Golden Gate.

Across the bay the mayors of six cities left for Sacramento, 90 miles to the north, to ask Acting Gov. Merriam to declare martial law.

In the bay cities transportation was practically at a standstill. The streets were strangely deserted by the usual crowds. Many stores were closed. Likewise cafes. All service stations were shut up except a few to provide motor fuel to physicians, ambulances and the police and fire departments.

UTILITIES OPERATE

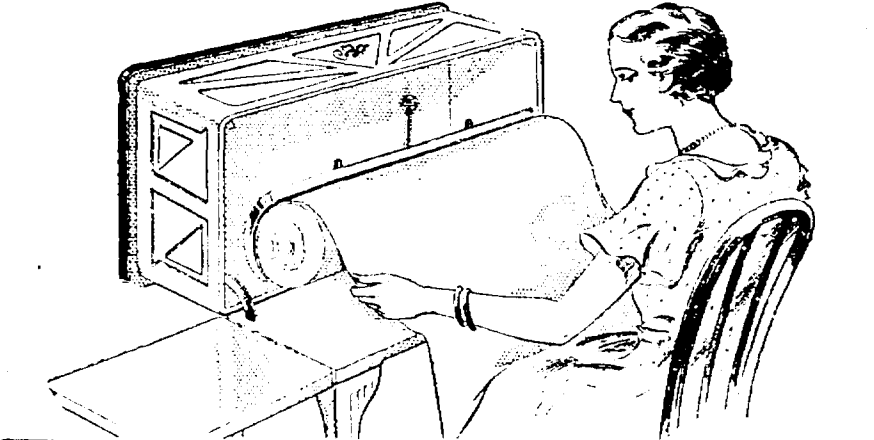

However, light, power and water and at least one transbay ferry system seemed assured of continuing.

uninterrupted.

In a speech at Lodi, in the heart of the great San Joaquin valley, Merriam last night charged the strike to communistic agitators and called for a united public "against this threat to our economic existence."

"They (the agitators) came in from the outside," he said. "The entire strike has been directed from other parts of California. The master minds are not in San Francisco. They would not risk their lives there."

He promised that the farmers of the valley could move their crops into San Francisco.

"I am not going to stand by and see the crops rot," he concluded.

ANOTHER MYSTERY BAFBLING LONDON

LONDON, July 16.—Another trunk containing the body of a woman has been found at Brighton to the amazement, horror and fascination of the British public today and a piece of brown paper may solve the most sensational English murders since the Crippen case.

On taking charge of the case Sir Bernard Spilsbury, famed pathologist of Scotland Yard, immediately called attention to the fact that this latest body, which has been identified as that of Violette Kaye, a dancer, was wrapped in the same type of brown paper as that used to bundle the female torso found in a trunk in Brighton central station on June 17.

He furthermore declared that

Violette Kaye had been dead longer than the woman first discovered murdered and it was concluded that the unidentified woman had been slain because she knew about the murder of Violette Kaye.

Prominent Kingston Woman is Claimed

Funeral services were held Monday afternoon for Mrs. Hana Senft, 77, wife of Monroe Senft, retired Kingston farmer, who died Saturday.

A daughter, Mrs. Robert Cryder, of near Kingston; a brother, Clement Fricce of St. Louis, and a sister, Mrs. L. C. Pyle, of Kingston also survive.

Burial was in Mt. Pleasant cemetery, Kingston, by Donald E. Whetzel.

INFANT IN GRAVE

The infant son of Mr. and Mrs. Charles Smith E. Mathews, of a Berger hospital Monday at 11:30 a. m.

Services will be held at the grave in Forest cemetery at 10 a. m. Tuesday with Rev. Earl Toensmeier in charge.

New Deal Poll

Below is a continuation of the Deal, taken by selecting average citizens in typical cities of the United States. Today's poll was conducted by The San Francisco "Chronicle" which interviewed a shipping executive and a stay-at-home. Here are the questions and their answers:

Q. Has the New Deal improved your economic condition?

A. Shipping Man: No. Stevedore: Somewhat.

Q. Should Roosevelt move more to the right or the left?

A. Shipping Man: Right. Stevedore: Left.

Q. What is the weakest spot in the New Deal?

A. Shipping Man: Too much theory, too hastily applied, plus too much flaunting of natural laws.

Stevedore: Not enough power.

Q. Do you favor continuation of the N. R. A.?

A. Shipping Man: Yes, with modifications.

Stevedore: Yes.

Q. Do you favor the A. A. A. and its payments to farmers for acreage reduction?

A. Shipping Man: No, as to acreage reduction. Yes, as to application of N. R. A. principals to agriculture.

Stevedore: Yes.

Q. What do you think of the Brain Trust?

A. Shipping Man: Government is essentially a practical thing. Theorists have no place in direct administration.

Stevedore: No brains.

Q. Do you still have confidence in the President's capacity to bring the country out of the depression?

A. Shipping Man: No one can bring any country out of a depression. I still have confidence in the President's capacity for leadership.

Stevedore: Yes.

Q. If Roosevelt was up for reelection this year, would you vote to continue him in office?

A. Shipping Man: Yes. Stevedore: Yes.

FEDERAL RE-EMPLOYMENT OFFICE OF MUCH SERVICE

Few residents of Pickaway-county realize the value of the Government Re-employment service located in the City building in Circleville; nor do they realize how fortunate any community is to have such a Government unit in their midst.

I can realize or know that this office functions as a strictly non-profit, federal setup, without a penny of cost to the tax payers of Pickaway-co. Yet, here one may go, either man or woman, in need of employment and without obligation on their part whatever and register for what ever occupation or employment they are qualified, from common laborers to the very highest skilled mechanics or technical trades. It is evident that very few women are aware that they may obtain employment through this Government Re-employment office from the fact of the very few registrations of women.

In less than eight months there have been 2173 registrations and 1295 people placed on work, some temporary while some were permanent.

The name, age, past employment and the permanent address of each applicant is kept in a simple, yet thoroughly systemized file, together with a map of the county, showing the place of residence, facilitating the expediency of contact with the applicant without loss of time.

SHIA IS MANAGER

With a moment's notice J. T. Shea, who has charge of the local office can show you just where in the county any applicant resides who is in his files.

No man or woman may obtain employment on any Federal project that will soon be opening up, unless he can present a card from the Government Re-employment Office, to the foreman or contractor, and all employees will be selected from the counties in which the work is located, so

Troops Harvest Grain

MUNICH, Bavaria.—To facilitate handling of this year's grain crop Storm Troops will be detailed as harvest hands throughout districts which need additional help. Because of the excessive drought the present indications are for less than half the ordinary grain crop throughout the country and already orders have been issued forbidding the export of grain.

STEVENSON'S FURNITURE — CIRCLEVILLE

THE END OF THE RACE!

—and then he Smoked a Camel!

IT TAKES A MAN like "Bill" Horn, who won the Gold Cup in 1932, to wind a big racing hydroplane up to 3000 r.p.m. and hold her to a speed of 60 to 70 miles per hour...for mile after mile. And when he's tired Camels quickly increase his vim and energy.

YOU'LL LIKE

this delightful way of "turning on" your flow of energy

A famous New York research laboratory reveals that smoking a Camel produces a definite increase in your flow of natural energy. The effect is delightful, completely natural.

Many smokers have learned of this "energizing effect" in Camels for themselves. "Bill"

Horn, winner of the gruelling Gold Cup race, refers to his experience in these words:

"The man who drives a Gold Cup winner needs the last ounce of energy he's got. After a championship race I 'break out' my pack of Camels quickly, believe me! In no time at all I

get a 'lift' and everything is all serene! It's a swell feeling—just to smoke a Camel and be your real self again! That's what I do whenever I feel played out, and Camels never get on my nerves."

Try this pleasant and convenient way of ironing out fatigue and increasing vibrant energy.

Turn to Camels and learn the truth of the saying, "Get a lift with a Camel." Like to smoke steadily? Smoke as much as you wish! Camels are made from finer, MORE EXPENSIVE TOBACCOS than any other popular brand. They do not get on the nerves.
